RESULTS SESSION TEN

ROUND-UP

Primrose sail away at the top leaving everybody else in their wake.

AT the bottom the first a point allows **The Levellers** to creep nearer to the ever struggling **Defcon** and perhaps they can drag them down to join the Danny-Rob wake!

In the second **The Greeks** move above **Les** and continue to put pressure on **Colts**.

Little change at the bottom but looks as if **Lady park** are arrowing towards the third division again.

Begins to look as if the third divvie promotion battle is over as Puffo guides his boys to a five point gap on the

4 to 5	6

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather than being put into the auction

AUCTION NOTES

NOTE
THIS
WELL

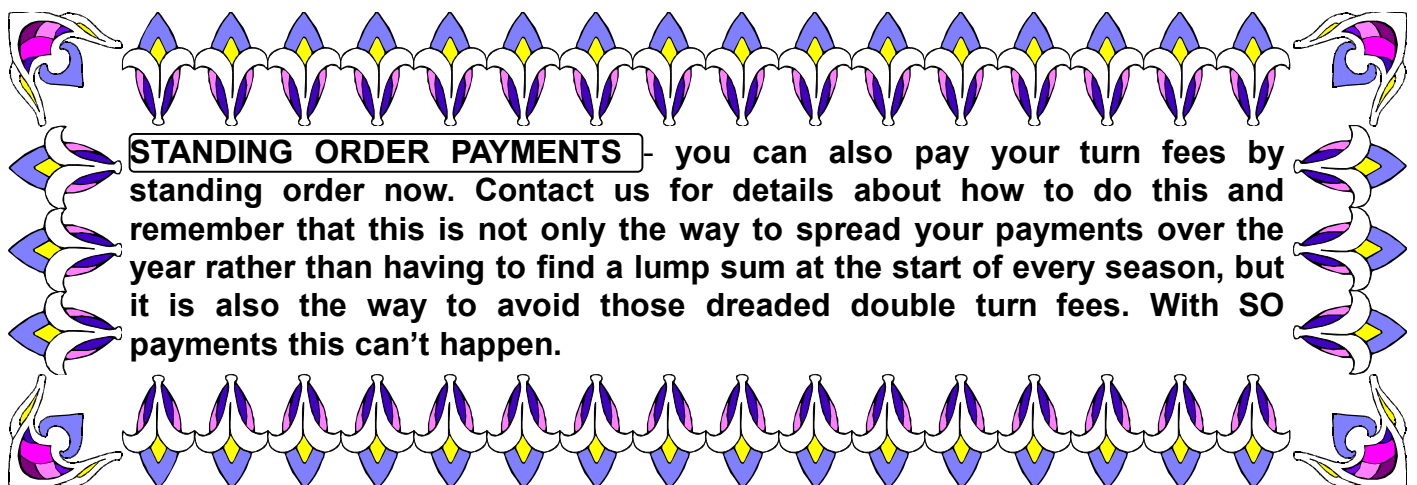

From now onwards we would like you to always write, 'don't sell if he turns star in the messages to GM box, **EVEN IF HE IS ALREADY A LEVEL TWELVE STAR ALREADY**, as well as ticking the relevant DON'T SELL box in teampick **EVEN IF HE IS ALREADY A LEVEL TWELVE STAR ALREADY**. NOTE THAT TICKING THE BOX IS THE MAIN DECISION-MAKER IN WHETHER A PLAYER IS SOLD OR NOT, the GM Message is just to help the GM if there is a problem!

Also PLEASE DO NOT leave partially-completed transfers in your transfer section, i.e. leaving the team name or the player, etc., it is laziness on your part and might result in strange things happening to your team!!!

And you MUST spell the names of the players included in any deal correctly. If you don't then the program might refuse them and they don't go through, so be careful.

In future, you are allowed multiple conditional bids from which the program will attempt to purchase just one item. However, you are also allowed multiple Unconditional bids from which the program will attempt to purchase all. teampick users just have to use the relevant boxes in the program, those who don't use teampick must ensure they stick to these rules and make it clear on their turns just what they want to happen in their bidding process.

LSO, be careful when doing deals etc. The program works on team order, which can cause problems. Best idea is NOT to have 25 players in your squad at the start of a turn and do deals and sell to NL, cos if the manager you are doing a deal with has a lower team number than yours, the program will say you have no space in your squad, even though you are trying to sell players to the non-league. His orders will be processed before yours!!

THE KICKABOUT COMMUNITY

EMAIL CHAT LIST - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to KA-kickabout+subscribe@groups.io. For others you do the same except put the league, name with Ka- infront of +subscribe.

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

THE MUCH MALTREATED DF/A

After much discussion with the KA fraternity at large we have decided that from the end of this season DF/A's will qualify for getting the best defence bonus just like SW & DF do. So DF/A's are even more important a player.

MARKING INFO - Tim Dodge has put together a clever little program that allows s shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier

New 2014 version now available at
<http://git.invisibles.org/cgi-bin/cgit.cgi/markinfo-vb6.git/plain/markinfo.exe>

THE NEW TROPHY SCHEDULE

With three divisions now the trophy has had to be rescheduled.

From now onwards it will start in Session eleven and be played each session until the final on session fifteen (no replays in any rounds.

Session eleven will consist of the bottom eight clubs in division three playing.

In round two on session twelve the other division three clubs and the bottom eight in division two will all come into the competition.

Hopefully Paul will, put a new fixture list on the teampick web-site so you can update teampick

MUTTERINGS AND MEANDERINGS OF THE KA MIND

Recently been a lot of moaning regarding training injuries. Well, they happen and of course if it hits your 2018 MF/A/D it is a pain, though how many of you have a nice 20-12 UT in your reserves to help ease the pain. Suck it up basically, you don't complain when random numbers make your ageing and critical specialist go star do you?

Even worse are those who complain that at training injury hit their goalkeeper before a crucial game. No sympathy there. You can always pick up a mid level keeper or better during the season and if you don't have one then tough for you, again suck it up instead of moaning. How many of you have millions in the bank just waiting to buy that specialist who you will probably be outbid for RATHER than investing a fraction of it in a reserve keeper??

PLEASE NOTE

You will all notice a new stat on your turnsheets. In the space where BW/CR stats are listed there will be a X% number against all goalkeepers. This will rate your GK on his shot-saving ability and will be cumulative.

Two points to note. It does not include penalties and own goals, but does include friendlies. And before shouting that it is wrong, remember that all shots against you are tested against the sweeper for blocking them before the GK.

I have some ideas about how to use this stat in the future so watch this space

MANAGERS NEEDED

SEASON'S END, NEW SEASON'S ABOUT TO START AND CLUBS NEED MANAGERS FOR THE NEW CAMPAIGN

So special offer time. takeover one of these teams and you get the whole season credit to play with free of charge AND AND AND at the end of the season you then have a 50% chance of getting another free season and so on ad nauseum.

What can you lose??

Or try the Veterans league which is just about to finish. test your managerial mettle in a league where you have to scratch around for money. No cash generated, building squads far more difficult, wow a 22-6 and you can't afford him. But you can start in this 12 session league with a winning side. **South Sea Rovers**, top of the third and been managerless all season. What could be done with them for sure?

Or how about a team in the Premier league just finished. Have your own favourite side with their real-life players. Chance to build from scratch, and challenge the greats of this league (**KP&^\$**). Get to grips with new formations and rules as well!

Or what about a decent though oldish team in the Livingstone league with 15million in the bank. Show them boys how to spend,

SOMETHING FOR EVERYBODY TO REMEMBER

It seems that even old stagers of the game still can't work out what order games are to be played in. SO emblazon the following on your minds please

ORDER OF MATCHES IS

LEAGUE GAME ONE

LEAGUE GAME TWO (which is where any re-arranged maxcth should go)

ALL CUP GAMES (including Cup/Bowl/ Trophy where the latter is always last if you have a Bowl or cup game as well)

LEAGUE CUP GAMES

EURO GAMES

FRIENDLIES

(If you look at teampick you will see that you CAN edit your fixtures as well to tell the program what games you are playing this session and it will put them in the correct order, OK)

NB In teampick trophy games come after League Cup it appears. Please realise that they don't. In the fullness of time the teampick maestro will change this
