THE PROSPECTS

1 Said it at end of last season, and will say it again, champs **Club Cruzeiro** really need to slim their squad down. They sailed through last season but might not this time. Could well be **Mailers** finally getting their hand on the trophy challenge by **Dynamo Avuton** I believe. The Club will be up there, but!! And this is a strong division. Watch out for the **Kids & Papeete** both getting in a few blows.

Bottom of the pile. Well, I take promoted **Skank Town** to struggle, though Mr Sutton has loads of cash to spend which might transform their season. **FC Newark** have it all to do, whilst highly-placed **Gidea Park** look in a mess. Manager BARRETT jumped ship and obviously wasn't doing any planning for next time last season!!

2 Relegated last time I Back **23A Swan Hill** to bounce straight back this time. The renamed **Paris S G** did well in winning the trophy but escaped relegation on goal difference. This time they might well have a much better one BUT their squad though good on a man for man basis really

need padding out and quickly. Could **Thermidor** make it a second successive promotion season. Highly likely as long as somebody watches his budget.

Going down. Well **Taitung, Duff Paddy** (how the mighty have fallen and continue to do so) & **Oild Masters** all look as if their managers have some work to do.

3

Looks ever so close in the third divvy. Both **Clapham Common & Connemara** could make it up this coming season. but **Black Hills & Ajax Tavern** could be challenging also. The brother Jensen both have cash to spare so their seasons could improve if it is spent wisely as well.

Bottom dwellers, well you have to ask how the fans at **Johnson Fold** view the coming season. Another campaign watching dross while the manger sits on the almost largest cashpile in KA. What's the fun in that. Bottom again by a mile and less some of this is spent. Only other team out of the competitive treadmill are **R.P.F.Foxes** another poor season in prospect for the Torleiv old boy squad Money here to spend though which could improve things!

THE COPENHAGEN AWARDS

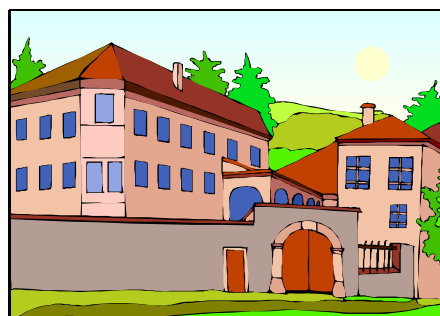

Manager of the Year Award, went to league champions **Club Cruzeiro**, again. and again and again

Most Improved Team was won by **Thermidor Athletic**

The Performance of the Year was won **Club Cruzeiro** fabulous treble for their cup success.

The Fair Play Award was shared between **Bespin City & Oild Masters** all with zero DPPS throughout the season.

Finally **the GMS Award** I give to **Real Paris** Winning the trophy was some achievement.

GM BITS

A few pointers for the forthcoming season.

1) One thing that holds up processing is the need for me to have to advise managers that, 'their orders are not in!' I do this as a courtesy, but sometimes I open orders for a league on the day of processing. If so you will get a, 'get your orders in within the hour' message rather than by the following day. As I say it is a courtesy not our RIGHT to have this done, and to be honest you get plenty of time to get your orders in and why I should have to hold up the game for IN THE MOST PART the same people, is a factor in holding up the game for the majority

2) Missed orders. In years gone by if you didn't get your orders in then I selected your team, but you got no contracts negotiated and your SPS were turned to cash. Nowadays both of these things happen because the programs elects the team for you. However, the computer is not me, and I make no apologies if you think it was not a good selection. The computer unplayed teams program, does not care about who you are playing but cares about developing your side. Got an unqual GK then it will play him instead of you star GK. YOU HAVE BEEN WARNED!!

3) Be careful in early season, managers seem to forget the way to DISCOVER players and tend to end up getting apps discovered twice. This is your responsibility to get right and if you don't your duplicates will dissappear and you will lose an APP in the process.

KA MUSINGS & MEANDERINGS

As there are a number of leagues that will be starting a new season in the next three or four months perhaps it is time to point out the cardinal sin that often happens with a new season. That is discovering an app in your first game of the season AS A SUB and then trying to play him in the subsequent matches (this refers to teampick teams by the way). In effect if you discover somebody as a sub he doesn't actually exist and you HAVE to discover him in the normal fashion the first time you play him. If you don't get this right you incur wrong formations and NL fees, which will NOT be refunded so get it right

INTERNATIONAL SCHEDULE

Ok, the international schedule starts on session 2. We have changed this for the new season for two reasons. With the finals on S16 we have found too many problems occurring because managers sell even good players of a certain age to the NL in the last couple of sessions and this means often int squads have to have lots of substitutes shoved into their teams. Also by having the finals on session twelve it will mean that your club sides have less chance of being affected by international injuries of all kinds. So please take note of the new schedule below.

.Remember that you get MPS and cash for winning these games which go to your club sides, so it is very worthwhile concentrating on it. Remember that every team plays the other once and that away draws and wins gain you an extra point in the league table.

Winners receive a cash prize of 500K for their club side, runners-up receive 300K and beaten semi-finalists, 150K each.

THE MATCH SCHEDULE

S2 - B v A/ D v C

S4 - C v B/ E v D

S6 - A v E/ D v B

S8 - C v A/ E v B

S10 - D v A/ E v C

note that the

previous years
