# MANAGERS NEEDED

**MESSI** league **LEODIS** were fading first division outfit, but under the tutelage of the magnificent GM they have been turned round and next season could be a force to reckon with in division one.

**DRAKE** league **SYSTEM LORDS**, languishing rock bottom in the second division, on their way down, and need a big rebuild. Have six million plus in bank and a couple of stars

**NELSON** League **MEGA-CITY**, third division, probably relegation fodder but have five million in the bank to play with

**free season for any of these teams if you take them on?**

**SPECIAL OFFER TAKE ONE ON AND GET £50 FREE CREDIT FOR THE TEAM**

## ROUND UP

That must have been nail-biting for Messrs. Ashcroft and Overli, as the protagonists watched the final series of games. Couldn't have been tenser in what has been the best top flight season for ages. **IB** just couldn't break down **Real Ayell**, and then it took **The Colts** until the 70th minute before they got the decisive goal against battling **Requiem**. Shades of Aguerro and QPR remember.

Bad luck to Dag, who then had to give second best to Tarzan Ashcroft in the cup final. What a battle he put up.

And congrats yet again to Gareth though for long stretches it seemed as his grip on the title had been totally loosened. I think he will be challenged for it again next season, but it might come from a different quarter.

Not much else to report. Division Two point to note. Must be tough going down in Brecon for outsiders, neither **Brecon** team lost at home this season!!

Home defeat for **the Levellers** in division three allowed **the Greeks** to pip them for the third promotion spot. Who will be the happier next season I wonder

Great Season - onwards and upwards for all

# AUCTION PAGE

THE TRANSFER DEADLINE CAME INTO OPERATION AT  
THE END OF SESSION THIRTEEN

## ROLLING AUCTION LEVELS

The following are the minimum levels relating to each session for entering players into the rolling auction:-

<u>SESSIONS</u>	<u>MIN LEVEL</u>
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather than being put into the auction

## AUCTION NOTES

NOTE  
THIS  
WELL

From now onwards we would like you to always write, 'don't sell if he turns star in the messages to GM box, **EVEN IF HE IS ALREADY A LEVEL TWELVE STAR ALREADY,** as well as ticking the relevant DON'T SELL box in teampick **EVEN IF HE IS ALREADY A LEVEL TWELVE STAR ALREADY,**. NOTE THAT TICKING THE BOX IS THE MAIN DECISION-MAKER IN WHETHER A PLAYER IS SOLD OR NOT, the GM Message is just to help the GM if there is a problem!

Also PLEASE DO NOT leave partially-completed transfers in your transfer section, i.e. leaving the team name or the player, etc., it is laziness on your part and might result in strange things happening to your team!!!

And you MUST spell the names of the players included in any deal correctly. If you don't then the program might refuse them and they don't go through, so be careful.

**In future, you are allowed multiple conditional bids from which the program will attempt to purchase just one item.** However, you are also allowed multiple Unconditional bids from which the program will attempt to purchase all. teampick users just have to use the relevant boxes in the program, those who don't use teampick must ensure they stick to these rules and make it clear on their turns just what they want to happen in their bidding process.

**LSO, be careful when doing deals etc. The program works on team order, which can cause problems. Best idea is NOT to have 25 players in your squad at the start of a turn and do deals and sell to NL, cos if the manager you are doing a deal with has a lower team number than yours, the program will say you have no space in your squad, even though you are trying to sell players to the non-league. His orders will be processed before yours!!**

---

Please note that from now onwards it is illegal to sell any player and then buy him back in the next three session FOR ANY REASON WHATSOEVER. If you do that playing will be banned for life and you will lose him

---

## SOCIAL MEDIA

We have finally been dragged kicking and screaming into the 21st Century , pity all dinsoaurs aren't like that and have upped our presence on social mediua sites. Links to our pages will soon appear on the web-site, but in the meantime we can be found on

**FACEBOOK - kickabout online**  
**and Twitter**

**Online Kickabout**

**and remember the KA web-site**

**www.Kickaboutonline. co.uk to see the goodies**

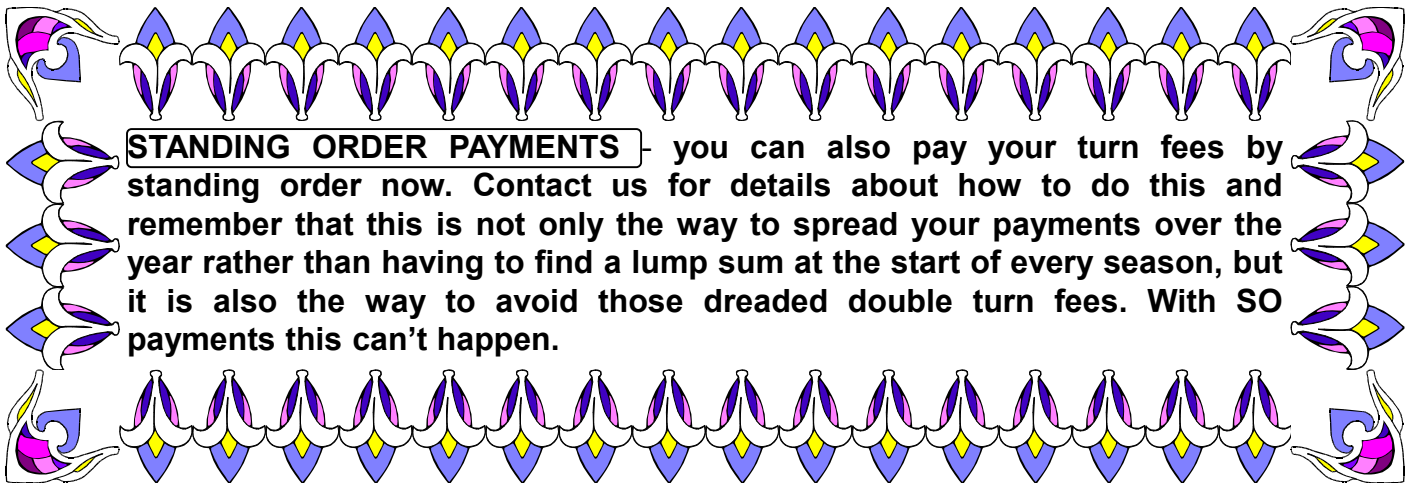

## CREDIT CARD PAYMENTS

Can be made to us using the **PAYPAL** service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account.

**You can pay by card/paypal through our new web-site**

**kickaboutonline.co.uk**

**Payments can now be made via paypal on our chris.spelbinder@btinternet.com address only.**

**STANDING ORDER PAYMENTS** - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

## KICKABOUT MUSINGS

This muse returns to the subject of teampick and the way managers don't use it correctly. THERE IS A FIXTURE LIST, and you use this to tell the program which competitions you are in. Now some out there (Hello Geraldo), are too lazy to do this. I'll bung my cup game down as a league game or my league cup game as a friendly. Simple innit, but each time the program says, Oi is Geraldo right or is it you GM, we have to stop and go check before disaster happens. Always it is the bloody manager, so to stop us having to stop doing this please use the bloody fixture list and let's get things going smoothly!!

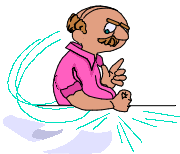

## THE KICKABOUT COMMUNITY

**EMAIL CHAT LIST** - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to [KA-kickabout+subscribe@groups.io](mailto:KA-kickabout+subscribe@groups.io). For others you do the same except put the league, name with Ka- in front of +subscribe.

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

## MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

**So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.**

## THE MUCH MALTREATED DF/A

After much discussion with the KA fraternity at large we have decided that from the end of this season DF/A's will qualify for getting the best defence bonus just like SW & DF do. So DF/A's are even more important a player.

MARKING INFO - Tim Dodge has put together a clever little program that allows s shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier

New 2014 version now available at  
<http://git.invisibles.org/cgi-bin/cgit.cgi/markinfo-vb6.git/plain/markinfo.exe>

## THE NEW TROPHY SCHEDULE

With three divisions now the trophy has had to be rescheduled.

From now onwards it will start in Session eleven and be played each session until the final on session fifteen (no replays in any rounds).

Session eleven will consist of the bottom eight clubs sin division three playing.

In round two on session twelve the other division three clubs and the bottom eight in division two will all come into the competition.

Hopefully Paul will, put a new fixture list on the teampick web-site so you can update teampick

# THE WADDERS ADVICE CENTRE

**CAPTAINS GAMES** -The number of levels given to you by your captain is shown on your squad sheet. Sometimes your captain will get to the next level which triggers another level, during a session. This you can use immediately if you are aware of it.

**MPS & AGGRESSION** -you have a limited number of the former, so use them wisely, an unlimited use off aggression, but this carries it's own penalties. Playing aggression on certain areas raises the chance of the players in that area collecting bookings and sending-offs by the way. Remember also that a GK or SW uses 2MP/AGG to rise him by one point and that you put 2/4/ etc in the relevant box, but only raise his final performance level by the one/2 levels, etc. Remember also that the total aggro or MPS you may use in a game is ten (of both not either by the way).

Then all you have to do is add them up (if you keep making mistakes then Teampick is for you cos it does all the maths and leaves you free to concentrate on tactics and planning).

**TACTICS - OOP** -remember that when you play a player out of position, he loses half his levels rounded-up to the one above. Getting this wrong can be costly indeed. He will play at this level through the match and will be assessed (marking, shooting, evading the offside trap, etc.) throughout the match at this level. He also gains OOP levels, even in a friendly though at less a rate, which will eventually - when he gets to ten OOP levels -turn him into a UT able to play in any outfield position without losing any levels now. Please note here by the way, that when completing your team sheets there are only five possible positions, GK/SW/DF/MF/FW. Specialists, Ut?'s etc are always put down as one of these positions. Remember, the computer knows what their player type is and wants you to tell it which of these positions you want it to play in (valid ones that is!!). So remember there are only five positions to put down under Pos on your team sheet.

Please note by the way, that a UT doesn't quite do ANYTHING as well as a normal non-UT player does in that self-same position. His ability is to play anywhere at all but not quite as well as the normal player. Having too many UT's in side isn't a good thing and can help to explain why you still seem to lose out in midfield and don't hit the target as many times as you feel you should?
