

IMMORTALS NOT DEAD YET

A crunch match at the bottom saw **Immortals** pull off an inspiring victory against fellow strugglers **Wymondham Town** that sees them almost out of the relegation zone and everything to play for now in the closing stage of the season. Both sides were missing some key players through suspension and injury and I doubt anyone saw this scoreline coming, least of all **Wymondham** manager MOORE but the **Immortals** were simply unstoppable today.

Defender HELLAS opened the scoring for the home side on the 20 minute mark as he blasts in an unstoppable 35 yard effort to give **Immortals** the lead and the onslaught just continued from there. Unable to break out of their own half for long periods, **Wymondham** concede a second just before half time as the intense pressure forces forward LEWANDOSKI, back defending to try and help his team-mates, in to an error and in an effort to clear a cross, he simply guides the ball in to the back of his own net.

A third, killer goal seals the game just after the half time interval and **Wymondham** know there is no comeback on the cards as the home crowd, who can hardly believe what is happening, start to celebrate only their third win all season.

HELLAS finishes what he has started and rounds off the scoreline with a sublime effort as he volleys in to make it 4-0 and the deafening noise from the home support ramps up another notch until the ref finally blows his whistle to end an unforgettable game for the **Immortals**.

Can they avoid the drop is the big question now on the lips of everyone associated with the club and with no "easy" games left on their run-in, their fate may well not be decided until the last fixture of the season where they will face tough opposition in an away trip to **Inter Walls**, a match that could possibly decide the destiny of both clubs.

Both **Botafogo** and **FC Sprout** win this session to keep the everyone guessing as to the final outcome this season. **Botafogo's** win was probably the most impressive of the 2 as they faced a tough away encounter to **Daggers**.

Both sides had chances to win this in what was a breath-taking game that provided plenty of entertainment. Arguably, **Botafogo** always had the edge in this one and probably just about deserved the points but manager BARRETT has every right to feel slightly aggrieved at the result as his side did enough to win it as well.

A cracking goal right on the stroke of half time gave the visitors the lead as forward HEKLAR shows his class to produce a brilliant solo effort, weaving his way past 3 defenders before calmly chipping the oncoming 'keeper.

Both sides continued to play an attacking form of football in the second half as **Botafogo**, knowing one goal was not going to be enough, sought a second while **Daggers** looked for a deserved equaliser and were rewarded for their endeavours when defender TOPPOV capitalises on a poor clearance from a corner to sidefoot home from close range.

Both sides continued to push for a winner in the 20 minutes or so that were left but **Botafogo** seemed the more likely of the two to get something as they now started to get on top and that proved to be the case as JIGALO JENSON, with just 5 minutes left to play, finds himself free at the back post to nod home a header and break the hearts of the home side.

A fine win for **Botafogo** against very tough opposition which keeps their championship hopes very much alive as the season starts to draw to a close.

SOFIA MISS THEIR CHANCE?

A magnificent victory by mid-table **St Helens Town** over division leaders **AS Centurions** gave **Sofia** an opportunity this session to leap frog them to the top. **Town**, at home, were set up to frustrate their more illustrious visitors and fielded a big midfield to try and swamp their opponents while also depending on the sweeping skills of new signing and newly-promoted captain BAK DOOR ROBBIE to deal with anything that did get through the midfield minefield but it was goalkeeper MARCELA who was the defensive hero today as

he clinically dealt with anything that **Centurions** could throw at him.

As to be expected, **Centurions** dominated this one and certainly made enough chances win it but some dogged defending and singular heroics from MARCELLA between the sticks frustrated the visitors time and time again as they pushed forward looking for a goal.

It wasn't all defence from **Town** as they looked to get forward when the opportunity presented itself and were rewarded for their tenacity in the 35th minute when OZIL TURK finds himself with the ball at his feet and a little bit of space to manouvere.

KICKABOUT NEWS

He looks up to see **Centurions** 'keeper ROYSTON off his line and immediately hits a long, dipping drive that had ROYSTON desperately scrambling to try and cover it but despite his efforts the ball hits the back of the net to give the homeside the lead.

Centurions notch it up a gear for the rest of the game and **Town** find themselves hard-pressed to hold on to the lead at times but a combination of poor finishing with great goal-keeping means the just can't find an equaliser and although **Centurions** continue to press right up until the end, they just can't find that moment of quality needed and the game ends 1-0 to the home side.

As mentioned, this loss gave second-placed **Sofia Utd.** An opportunity to claim top spot but their game against **Sunderland** ends in a goal-less draw and the point can only take them level so, like the first division, it is still all to play for here.

With the third promotion spot still very much up for grabs, it is **AC Trujillo** who seize their moment this week as they play out a thrilling 8 goal encounter against visitors **AC Aqua Sulis**

Trujillo, playing in front of their home fans, grab this one by the scruff of the neck right from the off and open the scoring on the 24th minute when they take the lead from a PEETERS volley. More goals quickly follow as SASKATCHEWAN gets on the score sheet and FALCATIV makes a late run from midfield to get on the end of a pass after some fine football to make it 3 with only half an hour played.

More goals for the home side follow in the second half, PEETERS grabbing a second with a brilliant solo effort while IALYSOS seemingly completes the rout to make the score 5-0 and 20 minutes to go.

Sulis do manage to pull one back just 2 minutes later though as PEDRO CAPITINEZ sidefoots home a low cross in to the box but it seems nothing but a consolation effort which doesn't unduly worry the home side. A second strike out of nothing just minutes later reduces the deficit again and before the **Trujillo** players can process that they just might have a game on their hands after all, **Sulis** score a third with 10 minutes to go on the clock and it looks like a comeback may be on the cards?

Roared on by the small section of travelling fans, **Sulis** finally spring to life and the last 10 minutes of the game is a frantic affair as the **Sulis** players start to believe they can get something out of the game and look for another quick goal.

Trujillo steady the ship though despite the efforts of the way side and calmly manage the remaining time to eventually emerge victors by 5 goals to 3.

This win propels them right in to the promotion battle but who will eventually emerge out of the pack is too close to call at the moment.

ARE CITY BOYZ NOW THE MEN?

In the third, second placed **Marseille** can only manage a draw with **Aethulwulf** who slightly edged the game but didn't do enough to win it and the draw is still a credible result for the side in 8th place.

This means that 3rd and 4th placed were able to close the gap a little with both of them gaining victories and the competition for the promotion spot seems to be coming down to a four horse race. **City boyz** at the top are probably a good bet now to take the title so it's probably between the other 3 to decide the last 2 promotion spots although, despite losing this session, **Edoras** perhaps can still mount a challenge?

I would also be tempted to include **Burnden Villa** in that except that I don't feel they have quite lived up to their potential this season and have struggled a little with consistency; a merely satisfactory 2-0 victory over bottom placed **IFK Didi** doesn't scream "contenders" to me and although they were always in control there seems to be a lack of killer instinct in the side. Good goals from midfielders ZUKOV and SMARI were always going to be enough to give them a win in this one but there was no real passion about their performance.

However, after saying all that, we all know the reputation of manager BROOKS and it has to be said that he is building a very good side here and maybe he is just biding his time as, if the right players star for him come season's end, **Burnden** will be a team to be feared next season.

Forest Island are looking the real deal though and showed their quality in a tough game against **Edoras** who are no pushover's by anyone's reckoning.

This was a close encounter between 2 very good sides with a lot resting on the outcome. **Forest** opened the scoring just before the half-hour mark when defender WEINER was allowed to meet a flick on from a corner, unmarked at the back post, he had the easiest of finishes to put his side 1-0 up but **Edoras** bounced back immediately and were level within 2 minutes of the re-start with an almost carbon copy goal of the one they had just conceded, this time midfielder VALLILI being the scorer.

Forest however, had adapted better to the conditions while were also given an edge as **Edoras'** midfielder JEQUIKI, given the job of marking midfield powerhouse SIX had an off day to say the least and was unable to get anywhere near him all game.

This gave **Forest** the impetus to control the game and as the game progressed, they started to dominate possession, building a platform from which they took full advantage as forward SKYTER scores their second of the game to give them the lead before half time.

Forest continued to dominate in the second half without being able to add to their tally but such was their possessional superiority, it didn't matter as **Edoras** were unable to get the ball long enough to have any real influence on the outcome and the game ended with **Forest** running out 2-1 victors to maintain their position of 3rd in the table, just a point now behind **Marseille** in second.

SLEEPING WOODS WAKE UP

For much of this season, it has been unclear who would finally emerge victorious at the top of the 4th let alone who would be the 3 promotion sides as no less than 8 teams have consistently battled it out for the honours but I would say now that **Harleys** look the most likely to take the top spot while we are probably down to 5 teams vying for the remaining 2 places.

Harleys faced promotion hopeful's **Sandwich Town** this session and to be quite frank, took a good side and completely annihilated them despite **Town's** efforts to keep it tight at the back. Clever marking from the home side only emphasised their dominance as **Town** were put to the sword and it only surprises me that, after an initial early goal from budding starlet LUBI-LOUB LEWIS, it took **Harleys** until the 68th minute to really make their superiority tell.

Two good goals from FJORDEN who has now notched up 24 this season gives **Harleys** a comprehensive 3-0 victory to see them open up a 6 point gap at the top and all I can say is, watch our division 3 next season!

Sleeping Woods finally record a long overdue victory as they only win their 3rd game all season but what a win it was! Completely dominant, they crash in 5 against a shell-shocked **Western Raiders** and this win undelines the work manager HAILS will need to do to resurrect **Raider's** fortunes.

Despite lots of early pressure, it took the **Woods** over half an hour to break the deadlock but once they did then the floodgates opened. An initial first half goal from SHARAPOVA was followed by 4 second half goals as midfielder ZAMBEZI quickly doubles their tally after the break with a crashing 30 yard driv, GRUFF adds a 3rd just two minutes later while SHARAPOVA, given too much space in the box, gets his second after 72 minutes and an absolute beaut of a free-kick from BARKLEY finishes the job in style as **Woods** and manager BUTLER finally gets something to celebrate.

Still a long way to go for them, a fact that BUTLER knows all too well and he certainly won't be getting carried away with this win but there is crack of light showing at the end of the tunnel for them and it is a side that will see a better season next year for sure.

Elsewhere, **Thors Hammer** put in a good shift against **Purley Kings** in their derby encounter to pull off a credible draw. A

close game, **Kings** probably edged it but only thanks to some good defending which snuffed out the creativity of STEVENS' players and he really needs to get the JARDEL/THOR combination running more smoothly than it is at the moment.

Plenty of positives in the side though and although they lie in 9th, they have racked up a respectable 24 points this season so far, winning 7 games but I am sure STEVENS will be slightly disappointed with the way things have gone for him up until now and hopefully next season will be a much more positive experience.

UP FOR THE CUP

Semi finals

INTER WALLS BATTERED

Inter Walls 0-4 Daggers FC

A miserable session for **Inter Walls** was rounded off today as they were emphatically dumped out of the competition and denied a place in the finals by **Daggers**.

Walls manager SAMSON had to deal with a worrying injury list coming in to this one which certainly hampered his side but they still gave a very good account of themselves and, contrary to the suggestions of the scoreline, were very much in this tie.

The first half was a fairly drab affair as both sides were wary of conceding and reluctant to push forward and it took the whole of the first 45 minutes for the crowd to see any real goal-line action as a mistake by **Inter Walls** lets **Daggers** in and midfielder FREARS punishes them for the error by netting.

The second half opened up a little as **Inter Walls** now had to start coming forward if they were to remain in the competition and we started seeing both sides play some more creative football and carve out a few decent chances between them. **Daggers** score their second on 62 minutes when THOMAS HEARNS sidefoots home and this goal sparks a mini collapse in the **Walls** ranks as they quickly conceded 2 more in the next 5 minutes.

A comeback at this point is out of the question and although the **Walls** players try to fashion some sort of response, the **Daggers** players simply shut shop content to manage the game out and protect their lead.

Congratulations to manager BARRETT who now has to face the force that is **FC Sprout** but also commiserations to SAMSON whose side certainly did enough here and if he hadn't been forced, amongst other things, to play youngster CARLISLE in goal then I don't think he would have lost this one.

CLASH OF THE TITANS

Botafogo 1-2 FC Sprout

Arguably, this game was the everyone wanted to see in the final as the top 2 heavyweights of the league clash in what promised to be an epic encounter.

Botafogo were set up to play counter-attacking football here today as manager STEADMAN, confident in the ability of his players, was content to let his opponents have the lion's share of possession and the plan almost paid off.

Sprout did most of the attacking but were fairly well constricted by a well-marshalled and organised **Botafogo** side. However, such is the quality in the **Sprout** side, it is always a massive task trying to stop them scoring and once more they find a way as half way through the first half, **Sprout** defender RICTER scores a diving header after some good build-up work.

Botafogo don't panic though and stick to their guns, knowing there is a long way to go in this one and they are rewarded for their patience and fortitude when, just on the stroke of half-time, winger GILLESPIE is set free courtesy of a lovely threaded pass but before he can set himself, he is scythed down just inside the box and the ref had no hesitation in awarding a penalty, which was duly converted by HEKLAR.

Sprout continue to push forward in the second half and are rewarded early on as that man RICTER scores his second from a desperate goal-mouth scramble as **Botafogo** fail to clear their lines after a corner and, as the ball bounces around the 6 yard box, RICTER is there to poke it home.

Botafogo try to respond but **Sprout** have the scent of victory in their nostrils now and just won't relinquish possession long enough for **Botafogo** to try and get forward. Arguably, **Sprout** could have found a third to kill the game as they had some decent chances for the rest of the match but a fine performance from 'keeper RASTANI kept them out and the game ends 2-1 in favour of the **Sprouts**.

BOWLING ALONG

Semi-finals

Wycombe-ing For You

Wycombe FC 2-0 Hawtonville

Hawtonville were looking to cause an upset here but **Wycombe** are a side who have grown in confidence and stature over the last few months and were always going to be a tough proposition for the second division side. Conceding an early goal to the first division outfit certainly didn't help **Hawtonville's** cause and now they really were facing an uphill battle as **Wycombe** took full control.

Some excellent work from the **Hawtonville** players restricted **Wycombe's** ambition to a large degree as they responded manfully to the early set-back but they were so busy trying to stop **Wycombe** scoring again they found it difficult themselves to create anything meaningful at the other end as the game progressed, you felt it was only a matter of time

before **Wycombe** increased their lead, which they duly did as SCUSI kills of the game with 10 minutes remaining to give **Wycombe** their second.

A magnificent effort from the second division outfit here today and manager PRITCHARD should be rightfully proud of his team's performance but you always felt that beating **Wycombe** was going to be a step too far for them.

Cheam Charge Halted

Cheam Chargers 0-3 Harleys Heroes

A 4th division derby was the setting for the second semi-final in the Bowl and it was a bad-tempered game to say the least as both sides gave it their all.

Cheam were set up not to concede but **Harleys Heroes** are a side packed with talent and it's not easy to stop them scoring. However **Cheam**, to their credit did manage this for the first half atleast as they kept a clean sheet but, it must be said, only by some last ditch desperation at times as the amount of yellows flourished in the first 45 will testify to.

Cheam were never going to be able to maintain this level of intensity for the whole 90 though and the cracks gradually began to appear as the game progressed. **Harleys** finally get the break-through they had been looking for early on in the second half, midfielder MATTA allowed to break the lines and calmly round the 'keeper before slotting home.

Only some more last-ditch defending prevented **Harleys** from extending their lead as **Cheam** pick up more bookings in their efforts not to concede but they were always fighting a losing battle and once more finally crack under the pressure as HAUPTMANN makes it safe after 72 minutes.

Youngster LUBI-LOUB once again shows his precocious talent as he scores another brilliant goal to round off an excellent all-round performance.

A well-deserved win for **Harleys** today who had to overcome a very determined display from their opponents and they now meet **Wycombe** in the final and I have the feeling if anyone is going to cause an upset, it will be them?

TRANSFER TRAILS

In the open market, **Wymondham** look to strengthen their bid for first division survival by recruiting some firepower in the shape of forward BROLIN for 500k from **Red Star Korova**. Other sides, perhaps with less immediate concerns, start to look to the future as **Aethulwulf** bring in young midfielder HENRY for a very reasonable 450k from **Western Raiders**. **City boyz** procure the services of young defender LASSIE from **St Helens Town** for 550, while **Western Raiders**, who have already offloaded one youngster, bring in an even younger player, securing the services of PACOE from **Horizon** for a deal rumoured to be close to a million pounds.

Not much available in the auction player-wise for this session so **New Caledonia** ensure their sweeper LEWANDOWSKI is still going to be around for another season at least.

MANAGER OF THE MONTH

DIVISION ONE: goes to manager THOMPSON of **Immortals FC**, a fine win giving them just a hint of first division survival this year

DIVISION TWO: goes to manager Ashcroft of **St Helen's Town**, a fine if somewhat unexpected win over the leaders keeping it interesting at the top

DIVISION THREE: goes to manager BROOKS of **Burnden Villa**, finding some consistency this session with a win in the league and trophy

DIVISION FOUR: goes to manager LAWTON of **Harleys Heroes**, a Bowl final place and progression in the league this session..

ROLLING AUCTION LEVELS

The following are the minimum levels relating to each session for entering players into the rolling auction:-

SESSIONS	MIN LEVEL
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather than being put into the auction

AUCTION NOTES

From now onwards we would like you to always write, 'don't sell if he turns star in the messages to GM box EVEN IF HE IS A LEVEL TWELVE STAR, as well as ticking the relevant DON'T SELL box in teampick. NOTE THAT TICKING THE BOX IS THE MAIN DECISION-MAKER IN WHETHER A PLAYER IS SOLD OR NOT, the GM Message is just to help the GM as during the transfers we have no way of knowing whether a player has become level tvelev in THAT SESSION.!

Also PLEASE DO NOT leave partially-completed transfers in your transfer section, i.e. leaving the team name or the player, etc., it is laziness on your part and might result in strange things happening to your team!!!

And you MUST spell the names of the players included in any deal correctly. If you don't then the program might refuse them and they don't go through, so be careful.

In future, you are allowed multiple conditional bids from which the program will attempt to purchase just one item. However, you are also allowed multiple Unconditional bids from which the program will attempt to purchase all. teampick users just have to use the relevant boxes in the program, those who don't use teampick must ensure they stick to these rules and make it clear on their turns just what they want to happen in their bidding process.

LSO, be careful when doing deals etc. The program works on team order, which can cause problems. Best idea is NOT to have 25 players in your squad at the start of a turn and do deals and sell to NL, cos if the manager you are doing a deal with has a lower team number than yours, the program will say you have no space in your squad, even though you are trying to sell players to the non-league. His orders will be processed before yours!!

Please note that from now onwards it is illegal to sell any player and then buy him back in the next three session FOR ANY REASON WHATSOEVER. If you do that player will be banned for life and you will lose him

PLEASE NOTE THAT UNLESS YOU
SUBSCRIBE TO TEAMPICK/SHOMATCH
THEN YOUR TEAMSHEETS WILL
ALWAYS BE SENT OUT BY POST.
EMAIL TURNS ARE ONLY SENT TO
TEAMPICK/ SHOMATCH SUBSCRIBERS

SOCIAL MEDIA

We have finally been dragged kicking and screaming into the 21st Century , pity all dinsoaurs aren't like that and have upped our presence on social media sites. Links to our pages will soon appear on the web-site, but in the meantime we can be foudn on

FACEBOOK - kickabout online
and Twitter
Online Kickabout

MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

CREDIT CARD PAYMENTS Can be made to us using the PAYPAL service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account.

You can pay by card/paypal through our new web-site

KICKABOUT BITS

THE KICKABOUT COMMUNITY

EMAIL CHAT LIST - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to KA-kickabout+subscribe@groups.io. For others you do the same except put the league, name with Ka- in front of +subscribe.

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

PLEASE NOTE THAT UNLESS YOU SUBSCRIBE TO TEAMPICK/SHOMATCH THEN YOUR TEAMSHEETS WILL ALWAYS BE SENT OUT BY POST. EMAIL TURNS ARE ONLY SENT TO TEAMPICK/ SHOMATCH SUBSCRIBERS

KICKABOUT SERVICES

MAILING - rather than sending SELF-SEALING SSAE's, rather than getting charged a £1 postage when you neglect to send one in or if they don't arrive. Pay for all-season mailing and we provide the envelope, the stamp, and the sticky label as well. No sweat. A season costs £25.00 overseas, £15.00 UK, or pro rataish if started during the season.

ALL EMAIL - if you have shomatch/ teampick then you can elect not to have any hardcopies sent to you at all as everything can be done by email. Just let us know if you wish to do this in future. Handy for those abroad or in difficult postal areas. If you play in more than one league, and paid for all season mailing it's actually cheaper to buy shomatch and do it this way.

TEAMPICK/ SHOMATCH/ MARKINFO - all the info you need for these programs is at - www.Teampick.co.uk

NEW WEB-SITE is now up and running, www.Kickaboutonline.co.uk to see the goodies

MARKING INFO - Tim Dodge has put together a clever little program that allows shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc.

KICKABOUT BITS

BULK PAYMENT OF TURN FEES -

remember if you pay £59.50 at one time (which can cover more than one team) you get an extra free turn credited to your account. This offer does not include shomatch/weekend or special offers monies!

STANDING ORDER PAYMENTS - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

KICKABOUT BITS

PLEASE NOTE

You will all notice a new stat on your turnsheets. In the space where BW/CR stats are listed there will be a X% number against all goalkeepers. This will rate your GK on his shot-saving ability and will be cumulative.

Two points to note. It does not include penalties and own goals, but does include friendlies. And before shouting that it is wrong, remember that all shots against you are tested against the sweeper for blocking them before the GK.

I have some ideas about how to use this stat in the future so watch this space

KA MUSINGS & MEANDERINGS

Perhaps time to revisit the much under-used Sweeper position. It became apparent when the estimable BAK-DOR-ROB appeared in every international squad even though only a level seven. Obviously not enough people have sweepers. Ok they are expensive to train but don't forget they have a dual purpose at the back. Not only do they add their levels to defence in most circumstances but any shots given away are tested on them before they reach your keeper.

In some respects they cut down your defensive tactics and formations but this along with the fact that they are the only player who can help to nullify a FWT/WG-DFA combo, easing some of the burden that this combo puts on your defenders. Without a SW this combo can cause havoc.

So don't forget the sweeper he might win matches for you played in the right manner.
