THE PROSPECTS

1

Looks like all change this season in the first. Promoted **Paris SG** look very strong but the manger really needs some back ups if things go wrong. . Fellow promotees **Trento** look likely to make a splash as well Of the non promotees **Papeete** look as if they might put in a push for the title, especially if they spend their cash wisely as do **Dynamo & Nakuru**. Last season's top pair **Mailers & Club Cruzeiro** look a bit off the pace this seaosn with the Latter in danger of a bottom three place. only **FC Sportsmen & Skank Town** likely to finish below them

2

Clapham Common look to be the choice this season after their promotion. Can only see **Oild Masters** really challenging, for the rest they are mostly evenly-rated, though **Dynamo Dresden** don't fill me with any kind of hope while it looks as if **Gidea Park** are defo down as the manger looks to rebuild in the third divvy. Cash rich they might be but it is a big haul. **Bespin City** also have a healthy bank balance to help lift them out of obscurity.

3

After so long the bank of England club are starting to make a move. **Johnson Fold** are my tip for promotion - finally. The manager has been spending his millions and I expect promotion for them **Newark**

Athletic could be the standout challenger for them with the rest being evenly-balance. That's apart form **R.P.F. Foxes**. Money to spend, an old team and a very thin squad. Time for Torleiv to do a Hargraves I feel and spread the cash. Unmanaged **Silicon Valley** will have a dire seaosn without a manager while **Valpo Wanderers** don't look as if they have much to shout home about!

THE COPENHAGEN AWARDS

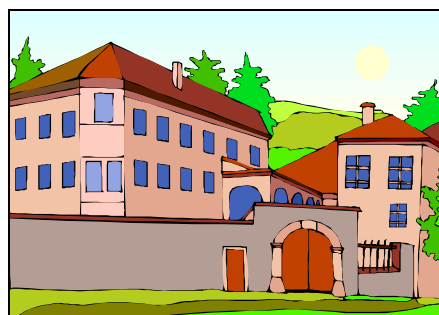

Manager of the Year Award, went to league champions **Mailers** and **Martin Meienburg**, knocking Simon off his perch

Most Improved Team was won by **FC Zotte**, well deserved after a great seaosn

The Performance of the Year was won by **Mailers** after a great season with two trophies to their name

The **Fair Play Award** was shared between **Real Paris & Johnson Fold** all with zero DPPS throughout the season.

Finally **the GMS Award** I give to **Trento** promotion and a cup final appearance

GM BITS

A few pointers for the forthcoming season.

- 1) One thing that holds up processing is the need for me to have to advise managers that, 'their orders are not in!' I do this as a courtesy, but sometimes I open orders for a league on the day of processing. If so you will get a, 'get your orders in within the hour' message rather than by the following day. As I say it is a courtesy not our RIGHT to have this done, and to be honest you get plenty of time to get your orders in and why I should have to hold up the game for IN THE MOST PART the same people, is a factor in holding up the game for the majority
- 2) Missed orders. In years gone by if you didn't get your orders in then I selected your team, but you got no contracts negotiated and your SPS were turned to cash. Nowadays both of these things happen because the programs elects the team for you. However, the computer is not me, and I make no apologies if you think it was not a good selection. The computer unplayed teams program, does not care about who you are playing but cares about developing your side. Got an unequal GK then it will play him instead of your star GK. YOU HAVE BEEN WARNED!!
- 3) Be careful in early season, managers seem to forget the way to DISCOVER players and tend to end up getting apps discovered twice. This is your responsibility to get right and if you don't your duplicates will disappear and you will lose an APP in the process.

MANAGERS NEEDED

The **CLOUGH** has a challenge team free **Borders FC**. An ex Grim Miller side (nuff said), they have some cash in the bank, are a PS side, and perhaps should have had a better season than they had. Something for a new man to get their teeth into and sort out perhaps?

The VULCANO league has another real challenge side in **Red Star Loftus**. From the glory days of 2013 when they lifted the League Cup they have been on an irresistible downward slide which the former manager couldn't stop. Next season will be a rebuilding season, but they are a young side and have five mill in the bank to spend.

due to that nasty phenomena KNOWN AS THE DROPOUT CURSE the COPENHAGEN is looking a bit sparse. we have a number of side that need a a manager so get in touch to discuss it and we will make you a good deal

INTERNATIONAL SCHEDULE

Ok, the international schedule starts on session 2. We have changed this for the new season for two reasons. With the finals on S16 we have found too many problems occurring because managers sell even good players of a certain age to the NL in the last couple of sessions and this means often int squads have to have lots of substitutes shoved into their teams. Also by having the finals on session twelve it will mean that your club sides have less chance of being affected by international injuries of all kinds. So please take note of the new schedule below.

Remember that you get MPS and cash for winning these games which go to your club sides, so it is very worthwhile concentrating on it. Remember that every team plays the other once and that away draws and wins gain you an extra point in the league table.

Winners receive a cash prize of 500K for their club side, runners-up receive 300K and beaten semi-finalists, 150K each.
