MOVERS & SHAKERS

DIVISION ONE - Watch out for the **Ayell** moving into second. The champs, still smarting from their Champions Cup beating, move into second as **Radford & Les** both stumble.

Wins at last for strugglers **Havering & Dynamo Test**, both picking up four points in the session. Puts pressure on all the teams above them as a result

DIVISION TWO - two wins apiece for **The Greeks & IB** move both above **Shropshire** who surrender their unbeaten record in the division. But all three open up a gap on the rest after this session.

Watch out for both the **Spuds & Wessex**, two wins apiece for them and the next job to close the gap on the top three.

DIVISION THREE - Only movers here are the top pair, double spunky wins for **Sci Fi & Old Steine** starting to look as if its them and the rest.

Further down four points apiece for **Wrestlemania & Sysiden** give their fans hope that they might get in a hit yet on the promotion places.

ROLLING AUCTION LEVELS

The following are the minimum levels relating to each session for entering players into the rolling auction:-

<u>SESSIONS</u>	<u>MIN LEVEL</u>
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out

Please note that from now onwards it is illegal to sell any player and then buy him back in the next three session FOR ANY REASON WHATSOEVER. If you do that playing will be banned for life and you will lose him

THE KICKABOUT COMMUNITY

EMAIL CHAT LIST - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to KA-kickabout+subscribe@groups.io. For others you do the same except put the league, name with Ka- in front of +subscribe.

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

CONTRACTS UPDATE

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 / UT/WG/FWS x1.5** / GK SW X 2/ FW/MF/DF X 1

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of **OVER** basic wage (81K) X 3 to accept unconditionally , i.e. 243K+ per week

or a 20-10 DIV THREE S DF/A would require a wage offer of **OVER** basic wage(20K) X 3, i.e. 60K+

On the last week of the contract there is no optimum length of contract though we suggest you opt for four weeks so you have time to bid again

I REPEAT - AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third+ of his basic wage

so in the MF/A/D example a bid under 27K+ will be rejected, the DF/A minimum is 6.66K+

NOTE THIS WELL ALSO

In the calculations above where it refers to WAGES, this also refers to wages + any experience the player as. This means that you are NOT ever sure about the calculation. Not that important for a normal player who does not have an * by his name, but where specialists are involved it can be important. So we suggest that when offering a contract to a player who is a specialist or has an * by his name, you add something extra to the calculation. I would say 5k is a good rule of thumb

MUTTERINGS AND MEANDERINGS OF THE KA

The Ben White or Seamus Coleman style player, that often adds the duties of a flying winger to his defensive play. They have a number of abilities that make them very valuable indeed, but tend only to be able to use these talents if they have the chance to ease up on their defensive duties.

If their team is on top of things, they are much more likely to have an important role in the game than if they are constantly under pressure.

They play in a similar manner to WG's, unlocking an opposing side's Offside trap by breaking on long runs from the back, and only providing the final ball when the Offside trap has been defeated. However, they occupy a certain amount of 'space' on the pitch and the front line must have the room to accommodate their runs forward. DF/A's also tend to be thwarted in their runs in playing in the same team as a Winger, as they often find themselves getting in each other's way when chances to attack appear; a team can play with a maximum of one DF/A and one WG, two WG's or two DF/A's.

If a side has two WG's and a DF/A then the DF/A will simply perform as a normal DF.

If the opposition plays a WG, then the DF/A will be able to cut down his contributions to the game, by blocking their runs that will try to unlock HIS team's Offside trap if played. In effect the DF/A always marks the winger.

In all cases, the benefits a DF/A can give to your attack are dependent upon the game itself, and cannot be predicted from your team selection. If a team plays with five FW's anyway, then the DF/A will not have space to play as he wishes, and hence be ineffective. The same goes for the side that plays with a DF/A on both wings, and has four or more FW's in play also. No side can use more than two DF/A (as for WG's), and any WG's in the same team will disrupt the DF/A's game.
