WELCOME TO SEASON NINETEEN
OF THE VETERANS LEAGUE

WORLD OF MONKEY ISLAND

Welcome to season 19 of Monkey Island.

Just to refresh managers - Premier rules apply so there is no x3 rule and formations can be of any mix as long as there is at least one outfield player in each position. For example, 1-4-5, 4-1-5, 5-4-1.

Ageing is reduced with maximum ageing at 45%

No specialists can be discovered through YOUTH investment.

END OF SEASON AWARDS

Manager of the year is?.. EXPLORERS as **LAWTON** overwhelmingly sweeps the board by winning the double AGAIN.

Most Improved goes to **BREZNITZ** as **HOBOCENTRAL** win division three.

Performance of the season was close but **READ** at **ANATRA CITY** take the award by one vote with his Bowl win.

GM Award goes to **JONDHAL** at **BABOON FOXES** League Cup winners and 3rd in the league, certainly defying the early season predictions!

60k fine for discipline problems at **Burbage Moors**!

NEW SEASON PREDICTIONS

Explorers again looked well equipped for yet another assault on their league title defence. Lawton has planned well as usual with a youthful base with key older players retaining their class. **Allotmenteeers** could push forward this season with two world class players amongst their ranks. A painfully small but classy squad at **Dross Island** could see Overli staking a claim.

Inter Anatra will struggle to better their runners up spot from last season. Then it really is so close with no obvious teams doomed for the drop. It really could be the be most open of seasons in division one,

Division two sees **Anatra City** who are cash rich and having a strong first eleven which will bode well. **Guybrush Threep** should kick on from their promotion and make a better go of things in division two this time around. **Isla Teja** spent heavily end of last season and have a very strong first team and should compete.

Panglao will need much sorting and could struggle with no outstanding players of any real note. Hargraves at **Hebrides** has the smallest squad and will need all his ingenious to stay up. **South Sea Rover** face another season of hardship but have a healthy bank balance to help but will need early additions to give them hope.

The **third division** should see **Paroot Habashan** regroup, a small but useful squad with Breznitz behind the numbers. **Dynamo Mario** have a very good eleven and with money should push on. **Real Anatra FC** will be confident with an excellent balance of youth and could be the ones to beat. **Barbary Coast** will look to regroup and with some decent acquisitions could do better than they expect,

Strugglers could see **Hookers Alley** at the basement again. **Showaddywaddy** look troubled to say the least. Valdor has it all to do with **Burbage Moors**, not only has he got PC problems with blue screens, there is no money and only a few players of any notoriety here!

THE KICKABOUT COMMUNITY HERE

EMAIL CHAT LIST - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to Kickabout-subscribe@yahoogroups.com. For others you do the same except put the league, name with Ka- in front of subscribe. However, some league lists have an ending in .co.uk instead of .com, so if one doesn't work then please try the other!!

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

www.Kickaboutonline.co.uk for the KICKABOUT WEB-SITE

MARKING INFO - Tim Dodge has put together a clever little program that allowss shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/ teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc.

Latest version now available at

ROLLER LEVELS

The following are the minimum levels relating to each session for entering players into the rolling auction:-

<u>SESSIONS</u>	<u>MIN LEVEL</u>
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather than being put into the auction

AUCTION PAGE

THE TOS MAN AUCTION

The 1st Auction for the new season. NOTE this first auction is different from all the rest, as it is Bosman style auction where you are bidding on the contract of that player.

THE TOSman (Name MUST start TOS or your bid will be ignored)

ie. I might bid 20k for player one and name him TOS MAN - if I won this player he would join my side for 20k and arrive on a contract of 20k for 12 sessions.

You are bidding for the contract of the player x 12 sessions.

Example : if you offer 500k you will have to pay wages of 500k for 12 sessions (6000k) SO BE CAREFUL You could bankrupt yourself.

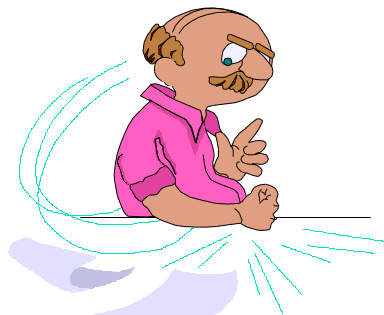

Winning bidders CANNOT transfer to other teams this season although you can sell these players to the non-league.

All these players have arrived with international bans due to their disciplinary problems and arrive with NIL nationality. ALTHOUGH they have all received psychiatric help they will all be more likely to face discipline problems in games, therefore there is an increased chance of a booking or sending off. MARKING UPDATE

We have worked out a system to check on anybody who is using last season's marking numbers for the current season. Basically the program will save a list of all valid marking successes each session and if somebody cries foul, that he has been marked by somebody who hasn't scouted him, we can check and say yea or nay.

So from now onwards if you use last season's numbers then you will be found out AND if guilty the result of the
