

DIVISION ONE MID SEASON ROUND UP

RAMSEY LEAGUE. DIVISION 1

...TEAM NAME...	PL	W	D	L	F	A	Dif	Pts
1 DANETOWN FC	12	9	3	0	26	0	26	30
2 BUGMAN RANGERS	12	8	3	1	37	5	32	27
3 NETHERTON FC	12	7	4	1	21	4	17	25

As we come to everybody's (except maybe the people writing them!) favourite newsletter of the season, it is reigning champions **Danetown FC** who lead the way again. Progressing well on all fronts, except maybe Europe, what's not to like? Two top goalscorers, yet to lose in the league and yet to concede a goal they are tough to beat. But Niel will be worried about the future, the squad are ageing, not too much youth on show yet, apart from MANFREDI, and it may all fall apart next season. Still, plenty of time to go this, and Danetown are just about favourites to retain their crown. Trying to stop them, and pushing hard are **Bugman Rangers**, just three points behind. Another team making progress on many fronts, they are looking good. Four top midfielders, goals galore from COSTER, a smattering of youth starting to show their talents, and a huge following all bode well. The big match will come in a few games time, when Bugman have to go and visit the leaders in a probable title decider! Coming next are **Netherton FC**, tipped for the title, but slightly off the pace at the moment. Again, a stellar midfield, huge ground, great following, and goals galore, but BRASOV aside, no real youth to speak of. There is money in the bank, but money in the bank is not points on the board. Still, Jack does have plenty of MPs left for the end of season run-in, so maybe he can steal a few points, and the title, that way!

4 THOMOSLAVIA UTD	12	7	1	4	16	10	6	22
5 MARGATE	12	5	4	3	13	10	3	19
6 NORTHERN TOWN	12	5	3	4	20	22	-2	18

Making up the top four are **Thomoslavia Utd**, going well, but unlikely to break into the top three. They don't have the quality of the teams above them, but do at least have a couple of decent youngsters already playing for the first team. The most worrying number on the teamsheet is the number of DPP's already accumulated, this week's league cup match not helping in that regard. Still, Tommo knows what he is doing and will keep on doing it, and doing it well. Next up are **Margate**, who are stuttering a bit this season, finding goals unusually hard to come by. There is talent, and there has been one visit from the star fairy already, but if things don't pick up soon, the rest of this season, and next are going to be hard for this team. A small ground, which is full every week and could do with extending, and very little going on in the youth

academy are warning signs that maybe not everything is rosy down in darkest Kent. Completing the top half of the table are **Northern Town**, conceding as many goals as they score, which is strange for a power team. Still, they are managing to keep all the players on the pitch, and have two good goal scorers, who have already signed on again for next season. The manager needs to decide what to do with GOVERNOR INCCIE who continues to receive a nice wage despite rarely making it onto the pitch. A couple of youngsters are being coached and should soon start to make regular appearances, but is it enough?

7 YORKSHIRE RAMS	12	4	5	3	6	5	1	17
8 DUMNONIA CITY	12	3	4	5	5	11	-6	13
9 DORE UTD	12	3	2	7	10	14	-4	11

Top of the bottoms are **Yorkshire Rams**, and boy, you should see this wage bill. 99k! A top flight team, paying the whole squad less than some of you are paying one player! It really is quite amazing, keep it going Simon. Youth coming through, at least one journeyman who needs to be shown the door, but pretty good all round. If only they could score goals. Next up are **Dumnonia City**, who have the same problem. A pretty skill team, lots of lovely quick passing on the pitch, but no end product. A good stadium and following, a reasonable amount invested in the youth team, along with at least two players in the squad who I suspect won't see one minute of playing time this season, but will be saved for next. Are they strong enough to stay up? I suspect so, but it might be close. The same goes for **Dore Utd**, though manager Lawton will probably be scratching his head as to their league position, while they continue to compete well in the cup competitions. And that's without recent injuries that have hit as well. Still, there is enough quality and acumen there to get them out of this hole, and probably win a cup to boot!

10 BEDFORD HOUSE	12	2	3	7	9	34	-25	9
11 GEOGRAPHIC FC	12	1	3	8	2	22	-20	6
12 LIMETREES UTD	12	0	1	11	0	28	-28	1

Into the relegation zone, and we find **Bedford House** in a bit of a mess. The youth team has already been sold to try and appease the bank manager, but he's still not happy! There is talent here, and the star fairy has already visited once, but the small ground continues to hamper the club's expectations. It's small, friendly, and family orientated, but that doesn't pay the bills! Next up, are the unloved and unwanted **Geographic FC**, a team in need of some guidance and TLC. The basics are there with a decent midfield, but too many players who have not had the training they need. They are going down. As are **Limetrees Utd**, no goals and no wins in the league so far this

KICKABOUT NEWS

season. Five star players and some youngsters around them will form a strong core for next season, maybe even enough for Cranners to bounce straight back at the first attempt, though maybe a bit more strength in midfield would help, and we will have to wait and see.

DIVISION TWO MID SEASON ROUND UP

RAMSEY LEAGUE. DIVISION 2

...TEAM NAME...	PL	W	D	L	F	A	Dif	Pts
1 SAMDORIA	12	8	3	1	22	2	20	27
2 MARX MEN	12	6	6	0	11	1	10	24
3 CONNACHT CELTS	12	6	3	3	19	6	13	21

The top two promotion places in Division 2 are probably already settled. **Samdoria** lead the way as Dag continues his march through the divisions. They have money in the bank, a strong midfield, plenty of power and skill on display and CRAIG O'MOANER marshalling things well in the middle. What could be done better? Well, the ground is a bit small, wages are a bit high, youth is a bit low, and I do worry about the goalkeeping situation for next season. But really, Dag has done a great job here, and will look forward to pitting his wits against the likes of Humphries, Brutus and Tommo next season. As will manager Mansell as he looks to take **Marx Men** into the top flight. A very solid season so far with things going well for The Soviets. Some very useful midfielders, with the skipper already committed to the cause for next season, but, being a power team, goals are not that easy to come by. This tiny ground, which is packed out week after week, seeing thousands queuing around the block for tickets, really needs to be expanded. And the wage situation may lead to disquiet in the squad as BOS-VATENEN currently earns 135 times what PADDYBOYO does! But I'm sure those things will be sorted in due course. Keep up the excellent work. **Connacht Celts** currently sit in third place, and they might just have the talent to stay there. They were tipped to struggle, but are a well-rounded squad with a quality midfield that can cause problems to any team on their day. The lack of stars will be a concern to Seamus, though the one he has is the key one, but if they are going to compete in the top flight next season, then he definitely will need more! Wages are good, youth is OK, and the stats say he is doing a pretty good job!

4 NACIONAL	12	4	6	2	15	4	11	18
5 CRIMSON KINGS	12	4	6	2	7	5	2	18
6 GRAFAR MILL FC	12	4	4	4	14	20	-6	16

Hot on their tails are Dag's other team, **Nacional**, fighting to get back into the first division. And they do have the ability to do so, three top midfielders, full power/skill, and a couple of risers for good measure. Unlike the teams above them, the stadium infrastructure is already in place, and they are well

placed. If those contract negotiations can be settled, then Dag can concentrate on bringing some youth through, while keeping the performance up on the pitch, and third is within his grasp. Just behind them come **Crimson Kings**, who, like Nacional, have been drawing too many games this season. Looking at the squad, 5th is probably the best they can hope for this season, and they have some work to do to push up to the next level. Wages are too high, one of the worst wage ratios in the league, and many of the players are just getting too old, though a visit from the star fairy this week will leave the manager happier. Just behind them are unmanaged **Grafar Mill FC**, tipped for glory, but without a guiding hand, they are unlikely to find it. Four stars in the team, but too many makeweights here. I think they will do well to end up in the top half of the table.

7 CFC SANTOS	12	3	4	5	7	12	-5	13
8 AFC LOWFIELDS	12	2	7	3	3	8	-5	13
9 GLASGOW CFC	12	3	3	6	11	11	0	12

It's all really close in the lower half of the table, just 3 points covering 7th to 11th at the moment, so any of these teams can make their way out of the relegation zone given a good run of results. **CFC Santos** in 7th seem to finally be getting their act together, the arrival of FENIX COMDOM being a big part of that. However, that is not the full story. This is an exciting, young team with already 5 first-teamers aged 18 or below, so a great nucleus to build around. I wonder if Steadders is playing this season with a real title push next season in mind? Next are **AFC Lowfields** and **Glasgow CFC**, both of whom have recently been left by their ailing manager - we wish you all the best KP! - and both have seen better days. Lowfields are a strong power team with no stars, while Glasgow do at least have a couple of stars, but honestly, next season is currently looking quite grim for these two.

10 FC UNITED BOYS	12	0	10	2	0	3	-3	10
11 ELTERWATER RVRS	12	2	4	6	2	19	-17	10
12 ACKWORTH	12	1	2	9	4	24	-20	5

Watching **FC United Boys** play is a bit like watching a cricket match where the batter has decided to score a century by running singles! 10 0-0 draws out of 12 games so far, and 10 points on the board. There are some good players here, but maybe a slight tweak of tactics may help to turn some draws into wins? In eleventh are **Elterwater Rvrs**, a club still trying to overcome the sad passing of stalwart manager Brooks. Tony Roscoe has taken the reins, and has inherited a half-decent P/S side, but with some work to be done and decisions to be made. Who to coach, who to sell, whether to use the cash now or wait and build a bit more in

KICKABOUT NEWS

division three? Decisions, decisions. Than cast adrift at the bottom are **Ackworth**. Will they and Attimore pass each other at seasons end, one going up and one going down, or will they renew their rivalry in one division or other? Much to look out for over coming weeks. In truth, Ackworth aren't that bad, they're just not that good either! Is GMIL I really good enough to keep playing? PETER BROOKS has arrived to steady the ship, and maybe it is time to rebuild in division three, with him as the centrepiece. I'm sure Moore has a plan.

DIVISION THREE MID SEASON ROUND UP

RAMSEY LEAGUE. DIVISION 3

...TEAM NAME...	PL	W	D	L	F	A	Dif	Pts
1 AFC BROADWAY	12	8	3	1	20	4	16	27
2 ANFIELD ROVERS	12	7	3	2	21	12	9	24
3 ATTIMORE FC	12	6	3	3	18	8	10	21

Into the third, and it's **AFC Broadway** who sit proudly at the top of the table (thank you, thank you!). It's all going well so far, but the team are a little on the old side, and the lack of stars, particularly in the midfield area will be causing the manager some concern. Still, there is team, and there are some youngsters coming through to bolster the squad. All in all, much to be pleased with. Just behind them, currently in second, are **Anfield Rovers**, who maybe don't have the squad depth of the teams around them, but do have a shrewd manager in Mr Pickup, and do have some good youngsters coming into the team already. LEHMANN is the source of goals, and is well supported from others in the team, but much will continue to depend on him. Chasing Anfield down are the rejuvenated **Attimore FC**, as Wadders aims to bring back the glory days. Super captain VAN HORSE continues to defy the years, and with youngsters coming through, and results like beating Anfield on their own ground this week, who would bet against him? Not me, that's for sure.

4 DENMRAK ARSENAL	12	4	6	2	6	3	3	18
5 BROUGHTON VILLA	12	4	4	4	17	13	4	16
6 ROTORUA MIST FC	12	3	6	3	5	4	1	15

Currently in 4th are **Denmrak Arsenal**, where, and I quote, "Denmark arse continue defying the odds". Having tipped himself for relegation, our favouritest GM in fact strives for promotion instead. A firm P/S team with a couple of stars, they should finish in the top half of the table. If he can keep coaching the youngsters, and gat another couple of stars, then this will be a job well done. In 5th are **Broughton Villa**, whose biggest problem is discipline. Two more red cards this week leave them already topping the 100 DPP mark, and will build up more suspensions as the season goes on. Built around the powerhouse that is LUBI-LOUB LEWIS, they could push for promotion, but may be better served calming things down a bit and building for next season instead. **Rotorua Mist FC** make up the top half of the table, and are, to be honest, a bit of a

mixed bag of a side. Some real quality players, but some are power and some are skill. The manager is running low on ideas to motivate this bunch, and they find it hard to score goals. SHARP is a super captain, but may well be hanging up his boots come seasons end, and my question would be, what is the plan then?

7 COLOUR ATHLETIC	12	4	3	5	7	13	-6	15
8 TEMPLE CITY	12	3	5	4	17	20	-3	14
9 KIRKDEEN UTD	12	3	5	4	7	11	-4	14

Another mixed bag are **Colour Athletic** who top the bottom half of the table, but will do well even to hold that position. Just the one midfielder who can influence any other area of the pitch, and Stevens has very little money to do much about it. Three 18 year olds in and around the match day squad is starting to help, but more strength in depth is needed. Next are another team from the Stevens stable, as we find **Temple City**. They follow the clear Stevens model, nearly a million in debt, a few part coached players, and a love of attacking football. Mixed results this week, drawing against a team near the top and a team near the bottom show that Temple can compete, but need to sell some players in order to strengthen. Next come **Kirkdeen Utd** and manager Samson. This is a team with real potential, no fewer than six stars, a couple of decent youngsters, and a real midfield gem. If John can work a little bit of magic, they could be real contenders next season.

10 DEWSBURY PIRATS	12	2	7	3	8	6	2	13
11 ALIENS UTD	12	1	4	7	3	22	-19	7
12 URANIUM YOUTH	12	0	5	7	16	29	-13	5

Into the relegation zone, and first we find **Dewsbury Pirates**, who really should not be this low. A good quality midfield, and an almost fully coached first team, and I can't understand this league position. They don't concede many, but they don't score many either, leading to too many draws. Sort out a goalscorer John, and you will be heading up the table! Heading down are **Aliens Utd**, a team who have been without a manager for far too long. There are signs of recovery, a good young keeper, winger and targetman combo, and a few other youngsters heading in the right direction, with a healthy bank balance, and this would make a decent challenge for anyone. **Uranium Youth** also seem to be heading down, though holding the leaders to a draw this session should give Mr Napier a boost. At first glance, this is a decent team, boosted by a superb youth academy. The question is, what to do about it? Aim for a rebuild in division 4? Watch this space.

DIVISION FOUR MID SEASON ROUND UP

Wow, just wow! That's all I can say when looking at the squad available to Ian Read at **Scarif Rangers**. Four midfield specialists, four risers, three stars. Wow! In the fourth division!

KICKABOUT NEWS

RAMSEY LEAGUE. DIVISION 4

...TEAM NAME...	PL	W	D	L	F	A	Dif	Pts
1 SCARIF RANGERS	12	11	1	0	37	2	35	34
2 WANSBECK ROVERS	12	7	3	2	13	5	8	24
3 HYDE CITIZENS	12	4	7	1	8	2	6	19

And he still has money in the bank as well, which he may well need in due course, as this is a power team, and as we all know, power teams don't win anything! Having said that, this one will win the fourth division, that's for sure. And probably top scorer and best defence as well. A++ well done Ian! Second are **Wansbeck Rovers**, where everyone's favourite Canadian is doing a sterling job. Take a bow Prof! Some good youth coming through in RUSHMER and KILDEEN and three star players already, as well as a decent bit of cash in the bank, the future is looking good at The Stadium. Having said that, the stadium itself is on the small side, and they could do with attracting some more fans, but great job Danny! Currently in the third promotion place are **Hyde Citizens**, where Butler runs a tight ship. Maybe too many players in the squad, although looking at it, they need that many players, such are their injury problems at the moment. They are also a bit prone to upsetting the referee and have quite a disciplinary problem. Maybe time for some calming art sessions? Young AULD has made his break through into the first team, but him aside there is not a lot of youth on show. Something to work on there.

4 FUJIAN PIRATES	12	4	6	2	9	2	7	18
5 CREWE ALEXANDRA	12	4	5	3	18	4	14	17
6 JACKDAWS CASTLE	12	4	5	3	6	10	-4	17

It's tight in the middle of the table, and **Fujian Pirates** are just one point behind the Citizens. They are good, young, solid P/S side, but one wonders whether Barney should really spend some of his hoarded cash on buying the midfielders that might take them to the next level. Maybe he's happy being forever in division 4 and just missing out on promotion? Time will tell. Tipped to be the team to challenge Scarif Rangers, **Crewe Alexandra** are currently locked in this mid-table battle instead. Form has dipped, taking just one point from their last three matches, but it is hard to see why. BURCOMP MANSELL leads the way, oozing class and creativity, but it may be that the powerful nature of the players around him doesn't suit what he wants to do. They should be higher, and with a bit of work, might still get that promotion spot. **Jackdaws Castle** come next, where Dennis Engslav has stepped in to bring some stability to the club. He has some talent at his disposal, one midfield gem in particular, and I will certainly be following with interest to see how this story pans out. For now, BI BI TRUMPIE leads the team, and Dennis will be hoping he stays on for next season, while youth is developed around him. Great work.

7 WHISTON DRIVERS	12	3	5	4	11	15	-4	14
8 GROVE EVERTON	12	2	7	3	3	7	-4	13
9 NORWOOD EAGLES	12	3	3	6	7	21	-14	12

Leading the way in the bottom half of the table are **Whiston Drivers**, rocked by the recent standing down of their manager. SENSINI skippers the side, acting as player-manager for the time being, and with the likes of ADAM and YOSSEI on the pitch there are always going to be chances created. A good solid foundation here for someone to take on and take forward. **Grove Everton** are in 8th, and manager Jorgensen has focussed on bringing in some good, solid professionals as he looks to rebuild the club, and is making good progress. The likes of HOBIE and PAPE will be there for years to come, and the amazing, evergreen 37 year old LEANSHIOLANSKI keeps going in the middle of the park. How come none of my players ever keep going to that age? Good work here Peter. The **Norwood Eagles** rebuild is well under way, accelerated with the arrivals of two young future stars to bolster the ranks. Looking at the squad, they will probably be playing next week, and on a very fast learning curve! There is not much to write home about here, KOKBORG and DE JANEIRO the highlights, but Hudson is playing the long game, I imagine.

10 AFC WHESTON	12	1	6	5	1	12	-11	9
11 BATTERSEA BLUES	12	1	4	7	2	14	-12	7
12 GOLF CITY	12	1	2	9	11	32	-21	5

We're coming to the end now (phew!) and in tenth, we find **AFC Wheston**, There are some decent players here, but also a lot of dross. It seems that without a manager, discipline has been lacking, so there will be some hefty suspensions coming along soon, and the fact that the physio seems to have finished work early and gone on holiday as well, suggests it could be a tricky second half of the season. Then we have **Battersea Blues**, another team in need of a guiding hand. Just seven first team players anywhere near fully coached tells something of the story of struggle facing this club. TRUMPTON and BATTY show potential, BEECH and CRUZ are already committed for another season, and there is a bit of money in the bank. Definitely something to work with. Which takes us to the bottom club of them all, **Golf City**, where Fingers is trying to turn them around. This week's slightly surprising victory over Hyde Citizens suggests his presence is beginning to work, though it will be no surprise to hear that the club is over half a million in debt! There are two youngsters who are being coached, but unless some of the other bodies littering the teamsheet are sold off, there is nowhere for any other youngsters to come from. Be ruthless Paul! There may be enough to climb above Wheston or Battersea, but I'm not guaranteeing it at this point in time.

KICKABOUT BITS

MARKING

From now onwards if you use last season's marking numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

MARKING INFO - Tim Dodge has put together a clever little program that allowss shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc

The latest version now available at

<https://dodge.me.uk/markinfo.exe>

PLEASE NOTE THAT UNLESS YOU SUBSCRIBE TO
TEAMPICK/SHOMATCH THEN YOUR TEAMSHEETS WILL ALWAYS BE
SENT OUT BY POST. EMAIL TURNS ARE ONLY SENT TO TEAMPICK/
SHOMATCH SUBSCRIBERS

EMAIL CHAT LIST -. To subscribe to the main list send a blank email to KA-kickabout+subscribe@groups.io.

For others you do the same except put the league, name with Ka- in front of +subscribe.

SOMETHING FOR EVERYBODY TO REMEMBER

It seems that even old stagers of the game still can't work out what order games are to be played in. SO emblazon the following on your minds please

ORDER OF MATCHES IS

LEAGUE GAME ONE

LEAGUE GAME TWO (which is where any re-arranged league maxcth should go)

ALL CUP GAMES (including Cup/Bowl/ Trophy where the latter is always last if you have a Bowl or cup game as well)

LEAGUE CUP GAMES

EURO GAMES

FRIENDLIES

(If you look at teampick you will see that you CAN edit your fixtures as well to tell the program what games you are playing this session and it will put them in the correct order, OK)

NB In teampick trophy games come after League Cup it appears. Please realise that they don't. In the fullness of time the teampick maestro will change this

RANDOMNESS OF THE KA MIND

Just a reminder. for teampick users. Please get the match you are playing correct. Putting your cup game down as a friendly means I have to come out of the program to make sure i haven't made a mistake. It isn't rocket science to change the competition that you are playing in. PLEASE!!

MONEY

STANDING ORDER PAYMENTS - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

CREDIT CARD PAYMENTS Can be made to us using the PAYPAL service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account. You can use either email address for this

BULK PAYMENT OF TURN FEES - remember if you pay £63.75 at one time (which can cover more than one team) you get an extra free turn credited to your account. This offer does not include shomatch/weekend/fast leagues/veterans leagues or special offers monies!

It will be a case of first come first served, ie those who plac get the places. So up to you Nerds. Anybody else interested let me know soonest

MAY 2027

12th to 15th

Kickabout will be forty years old in 2027, so perhaps somewhere special could be planned for then?

By universal accliation it was decided at the xmas pubmeet that we will return to Norwich for the special one, it is easy to get to, every knows and enjoys it there

Jens, Seamus, Gerard, Wadders, Cranners, Chris Moore & John Samson all say they'll be there

To encourage the weaker bretheren amonsgt you to turn up for this during the weekend there will be a draw for a lifetimes membership for one of your teams

FUTURE DATES CONFIRMED

KICKABOUT INTS

THE INTERNATIONAL TROPHY

There will be two groups of six teams each playing the other once (remember an extra point for an away performance), There will then be a KO semi-final, for all positions and a final session of six games to decided the twelve placings

First the prizes,

WINNER - 500K

RUNNER-UP - 200K

BEATEN SEMI-FINALISTS - 150K each

Beating any HIGHER RANKED team earns your club balance 100K

Winning any game (though not on penalties) gains you an extra 1 MP for your club side

The international scene can be therefore quite lucrative for your club side and with the arrival of your free SUPER SCOUT on Session two this becomes even more lucrative as well. However remember that if you fail to put in any orders he will DISSAPPEAR and you can only get him back by submitting a set of orders next time, and asking fro him back, when he will re-appear at the end of that session you submitted the orders.

wins for the **Hawks & Comp** almost settle this group though if **Bolton Wands** can pull off a shock result at **Comp** ???

Still all to play for here in what one might have expected to be the eaisest of the groups. **Ugle Betis** through after a draw against **Catton** who have to ensure they don't lose in their final match against the Sprouters to go through

We're back Craigins puchnes the air after their crucial win at **Daggers**. But his side have to win their last game cos Daggers can still get to twelve points

Last game sees **Burnham** away to **Celtic** whose defeat of **Dakin** puts serious pressure on the latter. But if Nevada lose then Dakin can still overtake them and qualify. Both lose and **Danetown** could overtake them both

REPRESENTATIVE CUP

The response from managers for S5 was pathetic. I decided to do away with all Rep leagues in the future which led to an outcry from managers to keep it. Even from those who hadn't bothered to send in S5 orders.

So we are going to run the rep league as usual starting on s7

Because of this the session five games will now be the last in the schedule played on Session fifteen

LET'S SEE IF WE CAN GET A PROPER TURNOUT

CONTRACTS UPDATE

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 / UT/WG/FWS x1.5** / GK SW X 2/ FW/MF/DF X 1

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of **OVER** basic wage (81K) X 3 to accept unconditionally , i.e. 243K+ per week

or a 20-10 DIV THREE S DF/A would require a wage offer of **OVER** basic wage(20K) X 3, i.e. 60K+

On the last week of the contract there is no optimum length of contract though we suggest you opt for four weeks so you have time to bid again

I REPEAT - AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third+ of his basic wage

so in the MF/A/D example a bid under 27K+ will be rejected, the DF/A minimum is 6.66K+

NOTE THIS WELL ALSO

In the calculations above where it refers to WAGES, this also refers to wages + any experience the player as. This means that you are NOT ever sure about the calculation. Not that important for a normal player who does not have an * by his name, but where specialists are involved it can be important. So we suggest that when offering a contract to a player who is a specialist or has an * by his name, you add something extra to the calculation. I would say 5k is a good rule of thumb

MANAGERS NEEDED

We have some teams that badly need a guiding hand on the tiller so to speak. Something to keep you busy during the summer and when your footie interest is piqued by the world cup.

All come with a season's free credit and to wet your avaricious appetites if you send cash for ONE other team at the same time we'll double it. (any one other team that you run, can't be bad can it soldiers!

MESSI QUICK LEAGUE - **HAVERING TOWN** - Poor season for them this campaign, dropped by Bertie Barrett and mishandled by the Breznitz. Might be going down from the first but I think they will come straight back up.

CLOUGH LEAGUE -- **RED STAR UNITED** - First division stalwarts get in near the top with this team. Something to build up from?

PREMIER LEAGUE - **DARLINGTON** - First division outfit, not challengers but they do have nearly seven million in the bank to spend. Different kind of league Can you pilot them to the Champions Trophy and beat Real Madrid.

ROBSON LEAGUE - with the demise of KP, he has left two teams in this league vacant.

SMITH ATHLETIC are near the bottom of the third but have eight plus mill in the bank but

LEEDS UNI - are in line for division three promotion and have twelve mill plus in the bank, this is surely a side to whet the appetites?

STARTING OUT TIPS

If you are lucky you may have a couple of million in the Bank but that won't be enough to turn things around in a couple of sessions. You need to be committed to be in this for the long haul.

?Have a plan. Base your coaching on getting 2 SPS per session. If you get a few more along the way as the season progresses then great either cash them or coach an extra youth player. Aim to coach your APP's & SBY's to level 12's by seasons end. Better to have 3 17/18 yr old level 12's than 5 level 8's.

?Clear out the 24-4's etc. to get them off the wage bill as they will be on relatively high wages. Either sell them to other managers at below NL price (you will still benefit vs selling to NL due to wages). If you can't get a buyer then hold on to them and run their contract down before selling to NL by session 10 - sales to NL go to half price after that.

?Play 2 APPS or a SBY every game unless you have a realistic chance of winning but try to win your derby games. Keep your MP's for derby games, matches against fellow strugglers and for (hopefully) a bit of a run in the Bowl.

?Build up your cash balance. Keep building this until you have at least circa £8m. Try to pick up bargains (below NL value) from the auction so you can then sell them on at a profit.

?Invest money in youth. Don't rely on this producing multiple MF specialists, unless your name is Morten. What you will hopefully get is a few FUT's which you can coach at 0.5 SP per level or sell for cash. This is a good way of increasing your teams' skill level quickly.

?Choose a category for the team and aim to get all the players of the same category (P, S or P/S). Having a power team is easier to build up quickly as there are more of them, there are plenty of 95 BW's around and are cheap to buy. However, longer term you will need to change the category of them team as power teams don't become super teams.

?If you have players that don't match your chosen category look to trade them for another player who is. It is rare your team will be full of P/S players so if you have any it may be best to move them on to build up your cash balance or trade for another player.

?Look to get a good quality GK and SW. You may not win many matches but two level 12's at the back could bring in some extra SP's through 0-0 draws.

?Don't coach anyone over the age of 18 unless there is a really good reason to do so e.g. 23-10 MF specialist.

?You need a captain so you can afford one player over the age of 19 _ hopefully your captain will star or get rejuvenated.

?Within 2 seasons you should have a team full of level 12's and a decent cash balance as a solid platform to start your ascent to being the next KA super team.

Good luck!
