#### RALEIGH LEAGUE. DIVISION 1

| ...TEAM NAME...   | PL | W | D | L | F  | A | Dif | Pts |
|-------------------|----|---|---|---|----|---|-----|-----|
| 1 AUTO FC         | 12 | 8 | 3 | 1 | 23 | 6 | 17  | 27  |
| 2 LICHFIELD TIGER | 12 | 7 | 3 | 2 | 15 | 5 | 10  | 24  |
| 3 LANGLAND BAY    | 12 | 6 | 4 | 2 | 17 | 6 | 11  | 22  |

#### Title contenders

As predicted it's the hug giving, shed owning, vegetable growing, bare naked lady Brutus at the top of Division 1. **Auto** are an excellent side packed full of talented players but I wouldn't call them a super team just yet but they are well on the way. The youth academy has produced another midfield gem which will keep them at the pinnacle of the league for some time to come. There are some players to move on to NL before seasons end but the big question is what to do with Bak-Dor-Robbie if he doesn't star? I know Brutus is a sentimental albino ape so will he keep captain fantastic Bak-Dor for another season?

Ooo, I like it - great midfield and attacking players, best wage negotiations in the league, you can take the boy out of St Helens etc etc

What you playing at - ground capacity, not much cash in the Bank

Overperforming a tad are **Lichfield Tigers** occupying 2<sup>nd</sup> place. Looks as though the manager and players care a bit more about retaining the title than they made out. Burcomp Mansell is the lynchpin in the side and despite not having the midfield talents of other teams in the Division the creative talents remaining in the side from their title winning days can still turn results in their favour. Lawton knows he is still a couple of players short for next season and has the cash to strengthen if the right players come along.

Ooo, I like it - best supported side in the league, well funded youth academy and well negotiated wages

What you playing at - ground capacity, just the one star so far

Completing the top 3 are **Langland Bay**. Simon McAulay seems to be the perennial bridesmaid in this league, always close to winning something but never quite managing it. This is another side that relies on it's creative talents to help them get results in tight games. Keeper Clio is one of four stars which bodes well for next season although Simon is going to need some more youngsters to train up quickly as there's a fair few non star older players in the first team and the rejuvenate spot can't go to them all.

Ooo, I like it - large fan base, four risers and four stars

What you playing at - ground capacity, one PP left, need some more youth in the team

|                   |    |   |   |   |    |   |    |    |
|-------------------|----|---|---|---|----|---|----|----|
| 4 PSV WYCOMBE     | 12 | 5 | 4 | 3 | 21 | 8 | 13 | 19 |
| 5 LUTTERWORTH TWN | 12 | 4 | 5 | 3 | 6  | 5 | 1  | 17 |
| 6 THISTLE ROVERS  | 12 | 3 | 7 | 2 | 3  | 2 | 1  | 16 |

#### European contenders

After many seasons (decades?) trying to get into the Raleigh top flight Ian Read looks determined to make the most of it now **PSV Wycombe** are finally there. Cracking team here with four fully coached midfield specialists, one of which has signed on for next campaign already. I can see **Wycombe** challenging **Langland** for 3<sup>rd</sup> spot over the rest of the season. The side looks well set for next season too and have one of the best captains in the league.

Ooo, I like it - 3 stars, plenty of midfield talent and all looks good off the pitch too - fans, ground, youth academy funding

What you playing at - could do with another star fairy visit or two on key midfielders

KP has **Lutterworth** sitting in 5<sup>th</sup> place and his side are not the most entertaining to watch. Just the six goals scored and five conceded indicating games are close run affairs. There's a more than decent team here, full P/S, two all purpose midfielders, one of which has starred, plus young Harry adding to the midfield talent. Teenagers Bjorg and Figo are already first team regulars but I think KP needs to invest some of his cash reserves to replace the likes of Snauzer and Jonesy ahead of next season as the youth team graduates don't fit the managers style of play.

Ooo, I like it - couple of stars to key players, cash available to improve the team, well supported team

What you playing at - ground capacity needs increasing, youth academy is in danger of falling down, overpaying on wages

Completing the top 6 are **Thistle Rovers**. They call the boss Sleepy Tommo and it's a case of sleepy by name and sleepy by nature with local doctors prescribing tickets to **Rovers** games as a cure for insomnia. Just the three goals scored all season although they also have the best defence with just two goals conceded. No surprise then that it's those seven draws so far that has hindered progress in the league. Steve claims his side are no real threat to anyone but I don't trust a word he says these days as I have no idea when he is telling the truth or a lie where kickabout is concerned. His form in the cup competitions is impressive so far which proves my point. Keeper Viserai is the only star to date which will lead to a decision on whether to keep coaching Fai or move him on and focus on other youngsters.

Ooo, I like it - Strong defence, great captain, three quality midfielders

What you playing at - lack of stars could be a problem next season, high wages, youth academy and ground capacity need investment

**Kelchester** are next and what a midfield Dag has assembled here. Five (!) midfield all rounders however, only two of them are at full fitness. Dag has decisions to make here, put all his coaching resources into Beirut at the expense of the overall team? With no stars so far they could look in a sorry state next season if this continues so does he start planning for the future or start praying the star fairy finds her way to the ground?

Ooo, I like it - Many midfield talents, well supported team and good ground

What you playing at - old team with no stars, youth academy needs some attention and wages are on the high side

In 8<sup>th</sup> are **West Yorkshire** who are in danger of imploding next season. The side is old and with only sweeper Tromso having had the elusive star fairy visit there should be more of a focus on youth than there is presently. Only Newman has been brought through from the youth academy and whilst the team has some great players including the marvelous Craig O'Moaner next season could be a real struggle.

Ooo, I like it - three FWS's, full P/S, good cash reserves

What you playing at - youth players desperately needed, youth academy needs attention, high wages

Sitting just outside the relegation places are **Hollywood Hawks**. KP is in charge here and the good news is that captain Ali Oops and defender Polanski have starred. Problem is that with a lack of teenagers being brought through he needs lots more star fairy visits. There's plenty of cash to spend to prepare the team for next season so he needs to start getting it spent. It may be best to drop down a Division and rebuild?

Ooo, I like it - couple of stars, plenty of cash available to spend

What you playing at - an ageing side, high wages and the youth academy could do with a lick of paint

brought through to replace Craigy Wookie whose best days are behind him. The talent is there so there's no reason why Hails shouldn't steer this side away from the relation places over the 2<sup>nd</sup> half of the season.

Ooo, I like it - those attacking players, three stars, one of the best fan bases in the league

What you playing at - high wages, ground capacity needs increasing, find a way to score more goals!

Tony Roscoe has stepped into the enormous hole left by the sad passing of Peter Brooks at **Deane Rangers**. He's inherited a decent first X1 but there's plenty of work to be done to prepare for next season in Division 2 and with just one league goal scored all season the attack is powder puff. Keeper Moscow has starred so what does that mean for new signing Orrie Bhoy as there are other areas of the side that need new blood more. Winger Bos Brooks is a great talent but his troublesome knee injury may keep him on the sidelines until next season and at 170k per week he's stealing a living. With the 2<sup>nd</sup> best cash balance in the league Tony has plenty of funds at his disposal to shape the side for better days ahead.

Ooo, I like it - Loads of cash to spend, decent ground

What you playing at - ageing squad, one of the highest wage bills in the league, youth academy has seen better days

Rock bottom are **Gt Britain Utd** where the heady days of promotion through the divisions will seem like a distant memory for Dave Hails. I think it's time to move Dariondon on with all coaching resources likely to be invested in youngsters Edstrom and especially HolzenBein as preparations are made for next season. There's a couple of players who have signed on for next seasons campaign but Dave will need to decide whether to keep both his two key midfielders who have yet to reach peak fitness.

Ooo, I like it - great youth academy, some cash available to spend, good captain

What you playing at - wages are a bit high, some tough decisions need to be made in terms of the squad

## DIVISION TWO ROUND UP

### RALEIGH LEAGUE. DIVISION 2

| ...TEAM NAME...  | PL | W | D | L | F  | A | Dif | Pts |
|------------------|----|---|---|---|----|---|-----|-----|
| 1 SANNY'S ROVERS | 12 | 8 | 4 | 0 | 33 | 7 | 26  | 28  |

| 3 FINSBURY PARK  | 12 | 6 | 5 | 1 | 17 | 5 | 12  | 23  |

## Relegation fodder?

**Regional Rovers** have just two league wins to date and they have a real problem scoring goals which is surprising looking at the vast array of attacking talent available to manager Hails. Ageing wasn't kind although all three midfield power houses should be back to full strength by seasons end although they could be back to square one again at the start of next season. There are three stars and young Fern is being

## On track for the top flight

Top of the table and with one handle on the Division 2 trophy are **Sanny's Rovers**. There's been a change at the top this week as Niel "Cat Lover" Humphries leaves by mutual consent after months of travelling to see the Welsh national side play across Europe which has affected his mental

# KICKABOUT NEWS

wellbeing. The board has moved quickly and the experienced Danny Smith has now been warmly welcomed into the hot seat. He may have been away from the game for a while but Kickabout is a bit like riding a bike called Tina and you quickly remember the fundamentals. He's joined at just the right time as the star fairy was exhausted after visiting the training ground having given out star status to three of the first team in one visit. Jammy fecker. Brooklyn Spice is one of the best captains in the league and midfielder Azvedo is in the form of his life. No defeats so far in the League and I can see no reason why this won't continue as **Sanny's** power on to the title.

Ooo, I like it - star studded side, some youngsters already in the first team, 15 level 12+ in the squad

What you playing at - disciplinary problems but the squad is large enough to cope, no youth academy and ground capacity needs increasing as fans are being locked out every game

Adie Rokcrusher Williamson is next and his side look set on promotion as predicted at the start of the season. Despite being a power side they are well disciplined on the pitch and whilst they don't score many goals they concede even less. None of the midfield powerhouse have starred yet so Adrian will be concerned about that plus there's only one youth player being coached through so far although there's time yet. As per any typical Aberdonian there's plenty of cash in the Bank to strengthen the squad and there's some mid level dross to sell on to boost the coffers further before the transfer window closes.

Ooo, I like it - three quality midfielders, Bank manager is happy, youth academy, ground, wages etc

What you playing at - time to prepare for next season to ensure they don't drop straight back down again

**Finsbury Park** look to be heading straight back to Division 1 which was to be expected with the squad Paul Waddinghamhamham inherited at the start of the season. There's three top class midfielders that would walk into any side including captain Kjells who has starred. Keeper Dioup has also signed on for a return stint in the top flight next season. It looks as though his Blind Goonership has seen (oh, the irony) that his side needs an injection of youth so Maroon has been bought in to help bring the age of the squad down. I think the side could do with one or two more deals once he gets his internet back online. Fancy blaming Pires the dog for his own drunken antics!

Ooo, I like it - couple of key players have starred, great midfield

What you playing at - wages are the highest in the league, youth team needs more funding, a better FWT than Masood

## 4<sup>th</sup>-6<sup>th</sup>

Currently the best of the rest are **Aberystwyth**. Nob of the Shed will be glad all over after Palace's brilliant European exploits culminated in a Trophy. I am sure Brutus was waiting with a congratulatory hugathon when he got home to Laaandaaan Taaarn. The clubs success this season has been down to an excellent defence with young keeper Martinez wisely being brought through to replace Ferguson. Captain fantastic Schultz is still going strong at 33 years young and there's some good attacking talent in the side. There's a couple of problems though. Martinez aside there's no youngsters being brought through although Scaffold may be progressed quickly once qualified. There's also too many faders in the team for my liking which could hinder progress next season.

Ooo, I like it - Fantastic captain, decent Bank balance to strengthen the side, wages under control, decent ground

What you playing at - needs more youth in the team, youth academy has seen better days,

**Hearts Brigade** won't be making their long awaited return to the top flight just yet but Fingers is slowly nudging them in the right direction. I hope you are all sitting down when reading this but **Hearts** are not, I repeat not, overdrawn. Ok, they only have £95 quid in the Bank but that's an achievement in itself. On the pitch, only striker Ghezzal has starred so Fingers will be hoping at least one of his two key midfielders will get a visit from the elusive star fairy if she ever gets to leave the **Sanny's** training ground. There's some youngsters starting to be brought through in John Wick and Muhammed over the next few sessions which will allow Fingers to sell off the mid level dross to raise funds before the transfer window closes.

Ooo, I like it - in credit! I don't need to write any more

What you playing at - sell off the dross to raise funds to improve the squad and invest in the youth academy, coach your goalkeeper!

**River Plate** complete the top six and after last seasons frequent star fairy visits she seems to have now lost her way to the ground with only Pilkington having starred so far. Three high quality dual specialists are the key to the side but a lack of goals is restricting progress. Young Alonzo will soon be in the first team and Puffo needs to decide which of the recently qualified apprentices he's going to coach.

Ooo, I like it - three high level midfield specialists and wages are one of the best in the league

What you playing at - youth academy needs some attention and a focus on bringing through more youth players

standings over the rest of the season ready for a tilt at promotion next season. Great young squad here with six teenagers in the starting X1. Captain Nilis has starred and if Boeckman gets the rejuve spot then **Barneys** will take some stopping next campaign. Lots to like here Harry with Spink coming through to take over in goal which is currently the weak link. An FWT would be a perfect addition if you can get one.

Ooo, I like it - great young side, four midfield specialists, cash in the Bank for the next addition

What you playing at - lots of players walking a disciplinary tightrope, youth academy needs some repairs

Oh dear, the poor **Wookies** have only won four league games so far this season and slipped to two defeats this week, one of which was to El Gouto's "other team" and derby rivals **Aero Force**. To make matters worse striker Jar Jar Jens was moaning (what's new?) in agony after sustaining an injury to his pint holding hand which will keep him out for the next couple of sessions. On the plus side keeper Myko and key midfielder Ozil Turk have starred and the youth team has produced a gem for the future. Seamy needs to find a way to plug the gaps in one of the leakiest defences in the Division if he is going to get this side higher up the table.

Ooo, I like it - couple of key players have starred, midfield discovery, wages under control

What you playing at - disciplinary problems, whose going to lead the line in attack next season?

Draw specialists **Cifton Reds** sit just outside the relegation places and he must be pulling his hair out at his teams inability to score goals. Fortunately, he has the Divisions best defence but I wouldn't want to watch any of his games on shomatch. The side is better than the results show so perhaps new signing Florida Col's staff suggestion of a team bonding trip to Florida might be needed to get them to click into gear? There's four stars which eases the pressure on next season and Colly can focus on getting those midfield specialists up to peak fitness. Whichever Division he ends up in next season I expect them to fare much better.

Ooo, I like it - plenty of stars, cash in the Bank to strengthen, wages under control, good youth academy

What you playing at - a solution is needed for the lack of goals

|                   |    |   |   |   |   |    |     |    |
|-------------------|----|---|---|---|---|----|-----|----|

| 12 CEDAR ATHLETIC | 12 | 0 | 4 | 8 | 3 | 17 | -14 | 4  |

## Relegation beckons

What's going on at **Rock-A-Nore** Steadders? There's not one utility player in the squad which just doesn't seem right for one of his teams. It's sacrilege. The Chelsea blue shoots of recovery are starting to show after last seasons relegation although I think the plan will be to complete the rebuild in Division 3 next season. There's a couple of youngsters already in the first team and a couple more being coached. Captain Fenix Comdom is the only star but he's a cracking captain. I am sure Steadders is planning carefully for

rejuvenation next season so he can start climbing back up the league.

Ooo, I like it - rebuild is in full swing, some cash in the Bank to strengthen the squad further

What you playing at - disciplinary issues, youth academy needs some improvements

Two wins this week for **Aero Force** was a timely birthday treat for wee Seamy and a very handy 6 SPS. There's a decent first X1 but they have the leakiest defence in the Division and if that isn't solved he will be taking **Aero Force** down. Young Conall has just qualified and will be coached through but Seamy will need another couple of youngsters ready for next season as while there are two stars in the side, they aren't on the players he would choose.

Ooo, I like it - wages are well controlled, youth academy is well looked after and there's a couple of fully trained dual specialists in the side

What you playing at - more youngsters needed for next season, sort out that defence

Bottom of the Division are unmanaged **Cedar Athletic** who look to be drifting and are in need of someone to step in and arrest their decline.

Ooo, I like it - couple of stars including a specialist captain, over £3.5m in the Bank, WG/FWT combo

What you playing at - rebuild is needed with some deadwood to move on and start coaching the youth

## DIVISION THREE ROUND UP

### RALEIGH LEAGUE. DIVISION 3

| ...TEAM NAME...   | PL | W | D | L | F  | A | Dif | Pts |
|-------------------|----|---|---|---|----|---|-----|-----|
| 1 GERMANIA FC     | 12 | 9 | 2 | 1 | 21 | 2 | 19  | 29  |
| 2 INTER DENE      | 12 | 6 | 5 | 1 | 14 | 6 | 8   | 23  |
| 3 RED STAR MOSCOW | 12 | 4 | 8 | 0 | 8  | 1 | 7   | 20  |

### On their way up?

Leading the way in Division 3 and continuing his charge through the Divisions is Steve Greenhalgh at **Germania**. It took Steve a while to get to grips with the game but by gum he's got the bit between his teeth now. Four midfield specialists including a lovely discovery earlier this seen and in Leeb they have one of the best captains around. Would be great to see this club legend see it through to taking **Germania** to Division 1 but he hasn't starred yet so time will tell if he will complete the job. In striker Khan they have one of the best strikers in the league. The 3rd richest side in the league so there's plenty of funds to strengthen the first team when needed.

Ooo, I like it - plenty of midfield talent, brilliant captain, lots of cash, good wages

What you playing at - youth academy needs some attention, an FWT would be a useful addition

Sitting in 2<sup>nd</sup> place are **Inter Dene** managed by Phill Stocks. Richest side in the league and with just the one league defeat all season they look well placed on promotion back to Division 2. Phill may not have a side with the midfield talent of

# KICKABOUT NEWS

**Germania** but he's making the best use of what he has with a few creative players like Swarovski that can turn games in their favour. There's some youth starting to come through like Miranchuk and Mykoleno which will help for next season in Division 2.

Ooo, I like it - couple of stars, young specialist, richest side in the league, good youth academy

What you playing at - spend some of the cash and I recommend a keeper for next season and another specialist to be top of the list

**Red Star Moscow** are 3<sup>rd</sup> and I can hear the whale music at the training ground played on a Balalaika from here. No losses so far this season and if he could turn some of those draws to wins then promotion is there for the taking for Butters. A mostly P/S side here with a couple of dual specialists although captain Hartnett still needs some time with the coaches to reach peak fitness. There's a couple of youngsters coming through although with no stars so far this season that could spell trouble next season in Division 2. Perhaps the star fairy doesn't want to spend her time dodging those drones from Ukraine?

Ooo, I like it - couple of youngsters coming through, cash in the Bank, wages well negotiated

What you playing at - no stars, youth academy needs some work

|   |                 |    |   |   |   |    |    |    |    |
|---|-----------------|----|---|---|---|----|----|----|----|
| 4 | SPRING TOWN     | 12 | 4 | 7 | 1 | 9  | 3  | 6  | 19 |
| 5 | SATURNALIA FC   | 12 | 4 | 6 | 2 | 8  | 3  | 5  | 18 |
| 6 | SPRINGFIELD CTY | 12 | 4 | 2 | 6 | 10 | 11 | -1 | 14 |

## 4<sup>th</sup>-6<sup>th</sup>

Sitting just one point behind in 4<sup>th</sup> place are **Spring Town** managed by Nick Wilson. Hopefully Nick has recovered from the Odense Kickabout weekend by now and picked up a few tips to bring to his Kickabout sides. **Spring Town** have three stars but not for the players Nick would ideally choose. I think he would benefit by deciding what style he wants this side to be as there's a mixture of skill, power and p/s players here. Which way you going to go Nick? There's a couple of youngsters already in the first team and the youth academy have a couple of players either ready now or next session to coach. Couple of players with injuries but once they clear that will help for the run in.

Ooo, I like it - three stars, couple of high level specialists, wages under control and a good youth academy

What you playing at - think carefully about the rejuve spot and decide which category of team to go for

In 5<sup>th</sup> place off the back of two wins this session are Saturnalia. Realistically they are the last of the promotion contenders however, based on the current condition of the squad I would hold off from aiming for promotion this season Mark. This is a power side focused around a couple of dual specialists and the goals of captain Kito and strike partners Von Agersie and Herman. This is another side that don't score or concede many goals which has resulted in more draws than Mark would ideally like to have. There's a decent core team here but ageing may not be kind if the stars don't start appearing

soon and rejuvenation goes badly. There's some youngsters qualified from the youth team ready to be coached which will help a bit for next season.

Ooo, I like it - good youth academy, wages are well negotiated and some good attack minded players

What you playing at - most of the key players are ageing and without some of these starring by seasons end next season may be difficult

In 6<sup>th</sup> but well off the pace of the promotion race are **Springfield City**. Lozza has arrested the decline but with just the one star to date and the lack of a top quality keeper he's going to find things difficult to get his side challenging at the top end of the Division. There are two box to box midfielders although Gonzales still needs more one on one coaching to get him up to full speed. With little cash to spend I would be tempted to move on the likes of Chouchounova, Von Suttner, Repton and Euginio to raise the cash and buy a high quality keeper or one that has potential to be one.

Ooo, I like it - two quality midfielders, great wages and decent youth set up

What you playing at - poor keeper, more youngsters needed in the side

|   |                 |    |   |   |   |    |    |     |    |
|---|-----------------|----|---|---|---|----|----|-----|----|

| 8 | SCARLETT CITY   | 12 | 3 | 4 | 5 | 12 | 22 | -10 | 13 |
| 9 | VIKING CONQUEST | 12 | 3 | 3 | 6 | 15 | 16 | -1  | 12 |

## 7<sup>th</sup>-9<sup>th</sup>

Into the bottom half we go with **Topaz Impact** up next with Dag looking good to move this side up the table over the 2<sup>nd</sup> half of the season if he can get his side to score more goals to turn all those draws into wins. Two excellent all round midfielders, couple of stars and a few youngsters ready to be coached to join the first team later in the season. Rejuvenation could be crucial to next seasons success with Dag needing to ensure Casey is in prime position. I am unsure what the thinking was to offer captain Fabregas such a long contract, 83 weeks left and he hasn't starred yet. Wouldn't be a bad idea to loosen the purse strings a bit Dag and bring in a decent striker.

Ooo, I like it - couple of stars, two cracking midfielders, plenty of cash in the Bank and a good youth set up

What you playing at - needs to work out how to get more goals from this side, wages are bit high

**Scarlett City** may have been left in the lurch by KP but they have recovered well to register two wins this week including **Germania's** only league defeat so far this season. There's a few of my former players here in Burns, Majowski and Paddy O'Reilly so I know how good these players are. Unfortunately, there are no stars in the side to date and with only keeper Nuno so far being coached from the youth team and with no manager to guide them this side could turn to dust next season.

Ooo, I like it - excellent young keeper and some good attacking players

What you playing at - the side is getting old, has no cash and no manager

# KICKABOUT NEWS

Just outside the relegation places we find **Viking Conquest** with Effu Sutton trying his best to get his side back on track. A lack of a quality keeper has held this side back this season but there is good news as Harald Hardrada should be the resolution to that once he qualifies in a couple of sessions. Paul needs to decide which of the qualified youth players he wants to coach over the remainder of the season in addition to Skallagrimsson. The rest can be moved on to increase the already healthy Bank balance. I am sure he will have plans for next season in place with captain Governor Inccie key to those no doubt.

Ooo, I like it - decent cash balance, well maintained youth academy, some quality youngsters coming through

What you playing at - sweating on ageing of key player due to lack of stars, needs to spend some of the cash hoard

## Division 4 bound?

**Tuath De Danan** are in a poor run of form but what an interesting side this is. Firstly, let me formally welcome back my old mate Steve Beckett back to the Kickabout fold. Two sessions in and he's already been a lucky fecker. The youth academy had already discovered a midfield gem when the caretaker manager was in charge and this week an even more exciting talent has emerged. My advice would be to keep both, even if coaching resources are stretched a bit thin currently, and rebuild the side around them in Division 4. In more good news there's a couple of stars including captain Johnson so he can relax a bit and plan for who gets the rejuve spot. As for this season they will improve once Naboo is fit again but don't try too hard Steve as it's probably best you get relegated.

Ooo, I like it - give the youth academy manager a pay rise, decent cash balance, a side to watch next season

What you playing at - a targetman for Hagi to link up with would be good

**AFC Europa** finally got their first league win of the season this week although I have no idea why it's taken them so long. Dave Hails side has three midfield specialists and a couple of decent attacking talents. However, none of them are at full fitness. This is the most un Dave Hails like side I've ever seen. All the coaching resources seem to have been focused on getting Inccie up to speed at the expense of squad development. Other than Luxyluxlux and White there's little activity from the youth team and with so many 20-30 something aged players ageing could be cruel if Dave doesn't move quickly to get the squad sorted. There's a bit of money in the Bank to help with the reshaping of the squad which will help.

Ooo, I like it - good youth academy, wages under control, Dave's a master at team building

What you playing at - much to do to get the squad ready for next season

Adrift at the foot of the Division are **Greyhawk** where Gus

Robertson has had a difficult time of it this season. The defeat to **AFC Europa** this week just about condemns them to a drop into the bottom Division which is probably the best thing for the team. It's not all bad news though. There's a couple of players signed on for next season already and the youth academy was pleased to announce some success from this years crop of graduates with a future star and a midfield specialist amongst them. Something to build around for next season. Gus does need to think about who will be the clubs No.1 keeper next season if Ontario doesn't star or get the rejuvenation spot.

Ooo, I like it - youth academy manager is earning his money this week, couple of stars

What you playing at - move Villem's on to pastures new, clear the small overdraft, wages are a bit high

## DIVISION FOUR UP

### RALEIGH LEAGUE. DIVISION 4

| ...TEAM NAME...   | PL | W | D | L | F  | A | Dif | Pts |
|-------------------|----|---|---|---|----|---|-----|-----|
| 1 DANTOOINE CITY  | 12 | 9 | 3 | 0 | 18 | 2 | 16  | 30  |
| 2 ATHLETIC SPURS  | 12 | 7 | 4 | 1 | 19 | 5 | 14  | 25  |
| 3 NORWEGIAN KINGS | 12 | 6 | 5 | 1 | 21 | 5 | 16  | 23  |

## Get the promotion parties booked?

**Dantooine** lead the way in Division 4 with Ian Read building an excellent side here. They are five points clear and yet to lose in the league so promotion as champions looks to be assured. Two of the leagues best young midfield talents are now first team regulars alongside the experienced Kulkov. Keeper Wobani has starred and it's time for Ian to turn his attention to bringing through a couple of youngsters before the end of the season.

Ooo, I like it - excellent midfield, cash available to strengthen further, wages well managed and youth academy is well funded

What you playing at - a couple more youngsters needed and the fan base needs improving

Off the back of two wins this week **Athletic Spurs** are looking good in 2<sup>nd</sup> place. Duncan Wells will be celebrating another youth discovery this week who will be the perfect foil for Inca and Ahern. With young Chopper already needing coaching plus Moore and Donley he's going to have to decide who to keep and who to sell on. There's a few APPs and a couple of mid level older players that could be sold on to increase the Bank balance.

Ooo, I like it - some exciting young talent, wages under control, a team on the up

What you playing at - build the cash balance, youth academy needs topping back up after this weeks discovery

**Norwegian Kings** complete the top three and they are the divisions top goalscorers. Bo Petersen has two excellent box to box midfielders although he should be looking to move Larson on as he looks out of shape these days. Just the two stars to date so Bo has wisely turned his attention to bringing some young players into the first team with Uhm Dahl, Ulfberg and Kvilveidt all looking set to be first team regulars next season.

# KICKABOUT NEWS

Ooo, I like it - couple of excellent midfielders, two stars, some youth coming through, good wages and youth academy

What you playing at - there's some squad pruning to do and Bo needs to think carefully about rejuvenation

| 6 | LOFTUS RANGERS | 12 | 2 | 9 | 1 | 5  | 1 | 4  | 15 |

## 4<sup>th</sup>-6<sup>th</sup>

Hoping to break into the top three are **Celta Ilford**. Warwick is doing a great job here rebuilding the side after Hammers Barrett dropped the team like the proverbial hot potato. Three excellent midfield talents with Uno having starred is a great bonus. The evergreen Conlon continues to lead the line and is in the running for top goalscorer. This isn't an old side but Warwick has identified a need to look to younger players ahead of next season so brought in Bos-Vatenen and Bos-Nurmi who are on a combined wage of 275k per session. Blimey, that's more then most teams entire wage bill. Just the one point off the promotion places and I wouldn't against him crashing the promotion party.

Ooo, I like it - three excellent midfield talents, decent youth academy, young squad

What you playing at - those wages - ouch!

Quadruple Duggle sits in 5<sup>th</sup> and his **AC Coke** side will not make promotion this season but look well set to deliver next season. His mid season Sangria for breakfast fueled holiday will have allowed him plenty of time to plan to ensure his side are in the best condition ready for the next campaign. There's three stars already including key may Morkel which makes me wonder if he will look to bring in another midfield specialist before the transfer deadline as managers prune their squads before the window closes. There's some teenagers well established in the first team and more ready to be coached through.

Ooo, I like it - three stars, wages under control, young squad

What you playing at - an FWT would be a good addition and an older MF specialist to take the rejuve spot?

Sitting just inside the top 6 on goal difference are **Loftus Rangers**. They are the draw specialists in the Division with 9 from 12 games. Butters has his team well drilled as they have the best defence with only one goal conceded to date. If Butts could get his side scoring a few more goals then I am sure they could climb the league a bit. He needs to decide what to do with Froozer and Greenway though. The latter is the best captain in the league but at 35 he needs to be moved on to the calming pastures of non-league football by seasons end. As a result, I am surprised he hasn't concentrated coaching resources on Froozer but instead he's been left to stagnate. On the plus side there's three stars and some youngsters coming through.

Ooo, I like it - three stars, wages well managed, some cash in the Bank to strengthen

What you playing at - decisions to be made on those midfield specialists, invest in the youth academy

## 7<sup>th</sup>-9<sup>th</sup>

Rich Barnsley's **Esporte Bahia** side are next. Full power side here and he's going to have to watch those DP's as they are already starting to bite. There's cash in the Bank to improve the side and if he's going to get this team out of mid-table then

|   |                 |    |   |   |   |    |    |     |    |

| 9 | MITCHAM METRO'S | 12 | 2 | 5 | 5 | 7  | 18 | -11 | 11 |

it's time to bring in a midfield specialist. The squad is on the young side and schoolboy Peirera is ready to be coached ready to take on the keeper gloves next season.

Ooo, I like it - bit of cash in the Bank to improve the 1<sup>st</sup> X1, young squad

What you playing at - youth academy needs some work, midfield specialist needed to build the squad around

I expect **Chigley Town** will move up the division over the rest of the season. There's a great team here that Paul Hudson has put together. The star fairy has done him a favour by sprinkling her magic dust on Arendse and Redondo plus the purchase of Peter Brooks could prove the difference in winning more games. There's some exciting youth talent here too in Bodo, Ruiz and especially Gray. Division 4 champions next season? I think so, as long as he plays it smart for the rejuvenation spot.

Ooo, I like it - three stars, young talent coming through, good ground for Div 4

What you playing at - youth academy needs some focus, plan for the rejuvenation spot and all looks good for next season

**Mitcham Metro's** are unfortunately unmanaged which is a shame as they are a decent side. New manager needed please, apply to Mr D for a deal.

Ooo, I like it - two quality midfield specialists, two stars, focus on youth in place

What you playing at - youth academy needs some work, manager needed!

| 12 | GATESHEAD UTD | 12 | 0 | 4 | 8  | 0 | 24 | -24 | 4 |

## Scraping the barrel?

Into the bottom three we go and there's an unmanaged side up first in **Pie Town**. Manager Roscoe upped sticks and left for the heady heights of Division 1 at **Deane Rangers** a couple of sessions ago. He's left behind a side with a couple of stars including captain Largosz but it's now time to bring through the youngsters.

Ooo, I like it - couple of stars, wages under control, some youngsters ready to be coached

What you playing at - plenty to do but first steps are to bring through the youth and focus on the academy

**Motor Town** are under the guidance of a caretaker manager currently and it's very much a work in progress. Adie Rokcrusher will help and there's some youngsters coming

# KICKABOUT NEWS

through in Dubno, Marussia and Renault.

Ooo, I like it - some cash in the Bank, shiny new youth academy, lowest wages in the league

What you playing at - worst side in the league on paper, lots of mid level dross still to be sold to NL

Last but not least are **Gateshead Utd.** Another rebuild job on the go here with Simon MacAulay the brave sole that stepped into the breach after Sharpe left in pre-season after years of mismanagement. There's a great young keeper plus Koch and Adeyemi coming through. Bos Naamo has been brought in to be the new club captain with Figo now totally unfit. Plenty still to do but Simon is on the right track.

Ooo, I like it - some decent young players coming through, cash balance is building

What you playing at - youth academy needs some work, no stars as yet so Simon will need to plan well for the rejuve spot

## BOWLING ALONG

### 2<sup>nd</sup> round replay highlights (if any)

To progress in any cup competition you have to take your chances, especially in a tight game. That's exactly what Lozza's **Springfield** did as defender Lindbergh scored twice from set pieces to move into the 3<sup>rd</sup> round\*\*\*An early goal each for the **Wookie's** and **Esporte Bahia** gave the impression this would be a high scoring game but as the clock turned to 90 minutes there had been no further goals so extra time beckoned. In the 92<sup>nd</sup> minute Shoji pounced at the back post to give Barneys 4<sup>th</sup> Division side the lead which they defended superbly until the final whistle. Disappointment then for my buddy Seamy and he will also be without the services of striker Jar Jar Jens for a few months too (and yes, I meant months).

## THE LEAGUE CUP

### Quarter finals 2nd Leg Highlights

**AFC Europa** boss Hails clearly decided his side had no chance in the 2<sup>nd</sup> leg with a 4-1 deficit looking unlikely to be overcome. A couple of youngsters were given their debuts while The Blind Gooner's **Finsbury Park** had a field day in an 8-0 thumping. Get the beers in bar tender, Wadders needs to celebrate or is it commiserate after the Champions League final?\*\*\*Don't you just hate it when Brutus, all smiles and hugs to your face when greeting you off the team bus then goes and sticks the knife in? With 16 minutes left in the tie between the top two it was Lawton who was cautiously optimistic about a League Cup semi-final place with his side still 1-0 ahead from the 1<sup>st</sup> leg. Brutus though had a plan and he loves it when it comes together. A break in play saw a note passed on to the pitch to striker Negri. Note read, Negri proceeded to eat the note and gave his boss a thumbs up. When play restarted Bak-Dor-Robbie launched the ball upfield towards Negri who fell as if poleaxed by Attleborough's challenge. The ref bought it and gave **Auto** a free-kick 30 yards from goal. Taxi swung the ball into the box and Negri again threw himself to the floor and with the **Lichfield** defenders distracted Catamarran stole in to tuck the ball home. There was bedlam on the pitch with players celebrating, accusations flying and plenty of pushing and shoving. Stern words from the ref

brought the game back in order and the game ebbed and flowed as both sides tried to get the winning goal. Five minutes from time **Auto** did get the winner and it was that man Negri who scored it. Let's just say neither he nor the Brutus ape like creature will be welcome in **Lichfield** for a while (unless he buys the drinks)\*\*\*Not much excitement between **Thistle** and **West Yorkshire** which is just how Sleepy Tommo likes it. Lull the opposition into a dream like state and get a sneaky goal. On to the semi-finals he goes and I wouldn't bet against him winning it\*\*\***Sanny's** are too strong for **Barneys** and their star laden side score in the 57<sup>th</sup> minute to put them 2-0 up in the tie and it's game over.

### SEMI-FINAL DRAW

FINSBURY PARK VS AUTO FC

SANNY'S ROVERS VS THISTLE ROVERS

(To be played on session eleven on neutral grounds with replays)

## TRANSFER TRAILS

Peter Brooks signs on at **Chigley** as boss Hudson gets his man for a cool 2.3m\*\*\*The Rokcrusher joins the rebuild project at **Motor Town** Will he help provide a gem from the youth academy?\*\*\*Brutus buys Clubfoot Seamy for a bargain price only to tell the new signing there are no hotel rooms available so he's joining Rob in the shed.

In private deals there's a few youngsters on the move to new clubs but the stand out deal is Crandad's purchase of star midfielder Vorsprung from Colly. Will he have the technique required to kick start **AC Coke's** season?

## MANAGER OF THE MONTH

DIVISION ONE: goes to manager SLEEPY TOMMO at **Thistle Rovers**, four points in the League and into the League Cup semi-final

DIVISION TWO: goes to manager GAUTIOUS MAXIMUS MCCRUDDENUS at **Aero Force**, two wins in the League!

DIVISION THREE: goes to manager NAPIER at **Saturnalia**, moving his side into outside promotion contenders

DIVISION FOUR: goes to manager WELLS at **Athletic Spurs**, a side on the up

## MARKING

From now onwards if you use last season's marking numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

**MARKING INFO** - Tim Dodge has put together a clever little program that allowss shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc

The latest version now available at

<https://dodge.me.uk/markinfo.exe>

PLEASE NOTE THAT UNLESS YOU SUBSCRIBE TO  
TEAMPICK/SHOMATCH THEN YOUR TEAMSHEETS WILL ALWAYS BE  
SENT OUT BY POST. EMAIL TURNS ARE ONLY SENT TO TEAMPICK/  
SHOMATCH SUBSCRIBERS

## THE KICKABOUT COMMUNITY

**EMAIL CHAT LIST** -. To subscribe to the main list send a blank email to [KA-kickabout+subscribe@groups.io](mailto:KA-kickabout+subscribe@groups.io).

For others you do the same except put the league, name with Ka- in front of +subscribe.

## SOMETHING FOR EVERYBODY TO REMEMBER

It seems that even old stagers of the game still can't work out what order games are to be played in. SO emblazon the following on your minds please

### ORDER OF MATCHES IS

LEAGUE GAME ONE

LEAGUE GAME TWO (which is where any re-arranged league maxcth should go)

ALL CUP GAMES (including Cup/Bowl/ Trophy where the latter is always last if you have a Bowl or cup game as well)

LEAGUE CUP GAMES

EURO GAMES

FRIENDLIES

(If you look at teampick you will see that you CAN edit your fixtures as well to tell the program what games you are playing this session and it will put them in the correct order, OK)

NB In teampick trophy games come after League Cup it appears. Please realise that they don't. In the fullness of time the teampick maestro will change this

## RANDOMNESS OF THE KA MIND

Just a reminder. for teampick users. Please get the match you are playing correct. Putting your cup game down as a friendly means I have to come out of the program to make sure i haven't made a mistake. It isn't rocket science to change the competition that you are playing in. PLEASE!!

## MONEY

**STANDING ORDER PAYMENTS** - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

**CREDIT CARD PAYMENTS** Can be made to us using the PAYPAL service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account. You can use either email address for this

**BULK PAYMENT OF TURN FEES** - remember if you pay £63.75 at one time (which can cover more than one team) you get an extra free turn credited to your account. This offer does not include shomatch/weekend/fast leagues/veterans leagues or special offers monies!

## **THE INTERNATIONAL TROPHY**

There will be two groups of six teams each playing the other once (remember an extra point for an away performance), There will then be a KO semi-final, for all positions and a final session of six games to decided the twelve placings

First the prizes,

WINNER - 500K

RUNNER-UP - 200K

BEATEN SEMI-FINALISTS - 150K each

Beating any HIGHER RANKED team earns your club balance 100K

Winning any game (though not on penalties) gains you an extra 1 MP for your club side

The international scene can be therefore quite lucrative for your club side and with the arrival of your free SUPER SCOUT on Session two this becomes even more lucrative as well. However remember that if you fail to put in any orders he will DISSAPPEAR and you can only get him back by submitting a set of orders next time, and asking fro him back, when he will re-appear at the end of that session you submitted the orders.

wins for the **Hawks & Comp** almost settle this group though if **Bolton Wands** can pull off a shock result at **Comp** ???

Still all to play for here in what one might have expected to be the eaisest of the groups. **Ugle Betis** through after a draw against **Catton** who have to ensure they don't lose in their final match against the Sprouters to go through

We're back Craigins pucnhes the air after their crucial win at **Daggers**. But his side have to win their last game cos Dagers can still get to twelve points

Last game sees **Burnham** away to **Celtic** whose defeat of **Dakin** puts serious pressure on the latter. But if Nevada lose then Dakin can still overtake them and qualify. Both lose and **Danetown** could overtake them both

### REPRESENTATIVE CUP

The response from managers for S5 was pathetic. I decided to do away with all Rep leagues in the future which led to an outcry from managers to keep it. Even from those who hadn't bothered to send in S5 orders.

So we are going to run the rep league as usual starting on s7

Because of this the session five games will now be the last in the schedule played on Session fifteen

LET'S SEE IF WE CAN GET A PROPER TURNOUT FORM REP MANAGERS IN THE FUTURE STARTING ON SESSION SEVEN!!!

# CONTRACTS UPDATE

---

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 / UT/WG/FWS x1.5** / GK SW X 2/ FW/MF/DF X 1

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of **OVER** basic wage (81K) X 3 to accept unconditionally , i.e. 243K+ per week

or a 20-10 DIV THREE S DF/A would require a wage offer of **OVER** basic wage(20K) X 3, i.e. 60K+

On the last week of the contract there is no optimum length of contract though we suggest you opt for four weeks so you have time to bid again

**I REPEAT - AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE**

---

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third+ of his basic wage

so in the MF/A/D example a bid under 27K+ will be rejected, the DF/A minimum is 6.66K+

---

## NOTE THIS WELL ALSO

In the calculations above where it refers to WAGES, this also refers to wages + any experience the player as. This means that you are NOT ever sure about the calculation. Not that important for a normal player who does not have an \* by his name, but where specialists are involved it can be important. So we suggest that when offering a contract to a player who is a specialist or has an \* by his name, you add something extra to the calculation. I would say 5k is a good rule of thumb

# MANAGER'S NEEDED

---

*We have some teams that badly need a guiding hand on the tiller so to speak. Something to keep you busy during the summer and when your footie interest is piqued by the world cup.*

*All come with a season's free credit and to wet your avaricious appetites if you send cash for ONE other team at the same time we'll double it. (any one other team that you run, can't be bad can it soldiers!*

---

PREMIER LEAGUE - **DARLINGTON** - First division outfit, not challengers but they do have nearly seven million in the bank to spend. Different kind of league Can you pilot them to the Champions Trophy and beat Real Madrid\_

ROBSON LEAGUE - with the demise of KP, he has left two teams in this league vacant.

**SMITH ATHLETIC** are near the bottom of the third but have eight plus mill in the bank but

**LEEDS UNI** - are in line for division three promotion and have twelve mill plus in the bank, this is surely a side to whet the appetites?

NERDS R US

## **STARTING OUT TIPS**

if you are lucky you may have a couple of million in the Bank but that won't be enough to turn things around in a couple of sessions. You need to be committed to be in this for the long haul.

?Have a plan. Base your coaching on getting 2 SPS per session. If you get a few more along the way as the season progresses then great either cash them or coach an extra youth player. Aim to coach your APP's & SBY's to level 12's by seasons end. Better to have 3 17/18 yr old level 12's than 5 level 8's.

?Clear out the 24-4's etc. to get them off the wage bill as they will be on relatively high wages. Either sell them to other managers at below NL price (you will still benefit vs selling to NL due to wages). If you can't get a buyer then hold on to them and run their contract down before selling to NL by session 10 - sales to NL go to half price after that.

?Play 2 APPS or a SBY every game unless you have a realistic chance of winning but try to win your derby games. Keep your MP's for derby games, matches against fellow strugglers and for (hopefully) a bit of a run in the Bowl.

?Build up your cash balance. Keep building this until you have at least circa £8m. Try to pick up bargains (below NL value) from the auction so you can then sell them on at a profit.

?Invest money in youth. Don't rely on this producing multiple MF specialists, unless your name is Morten. What you will hopefully get is a few FUT's which you can coach at 0.5 SP per level or sell for cash. This is a good way of increasing your teams' skill level quickly.

?Choose a category for the team and aim to get all the players of the same category (P, S or P/S). Having a power team is easier to build up quickly as there are more of them, there are plenty of 95 BW's around and are cheap to buy. However, longer term you will need to change the category of them team as power teams don't become super teams.

?If you have players that don't match your chosen category look to trade them for another player who is. It is rare your team will be full of P/S players so if you have any it may be best to move them on to build up your cash balance or trade for another player.

?Look to get a good quality GK and SW. You may not win many matches but two level 12's at the back could bring in some extra SP's through 0-0 draws.

?Don't coach anyone over the age of 18 unless there is a really good reason to do so e.g. 23-10 MF specialist.

?You need a captain so you can afford one player over the age of 19 \_ hopefully your captain will star or get rejuvenated.

?Within 2 seasons you should have a team full of level 12's and a decent cash balance as a solid platform to start your ascent to being the next KA super team.

Good luck!
