1 STEELCITY HAWKS	12	9	3	0	35	1	34	30
2 CATTON OLD BOYS	12	8	4	0	29	3	26	28
3 BUCKLEY TOWN	12	5	5	2	22	12	10	20

Top again ole ole are **Steelcity Hawks**, lording it over everyone like Donald Trump, crushing any upstarts who might threaten their position as number one. Five specialists but only Valcoraso has starred so far so Craig may be feeling a little nervous at this stage but still nearly half a season to go. They are an old school power-skill team but with plenty of creativity thrown in, there is a bit of cash in the bank to add some much needed youth. They will be champions, put your mortgage on it. *** Next come perennial runners up **Catton Old Boys** and looking at their squad is like going on a Saga Cruise holiday, everywhere you look are old age pensioners. They are not called Old Boys for no reason! They continue to have success despite being a power team and having a huge DP total, they have a big squad so the regular suspensions are not a major problem. Three stars including captain Sanchez but he might be retiring at seasons end. At some stage this is going to fall apart but second spot is pretty much wrapped up for now *** Promoted **Buckley Town** are third and this does not flatter them. Moller expertly rebuilt this squad in the lower divisions and they have a side full of youth and talent, not to mention the second largest bank balance in the whole league. Only Henry has starred so far which is a bit of a worry but if Kamui comes back fit for next season, they will continue to thrive.

4 BRUTAL MANIACS	12	5	5	2	18	9	9	20
5 LIMETREES PARK	12	5	5	2	10	6	4	20
6 BILBAO ROCKS FC	12	5	1	6	11	17	-6	16

Good work Bard ***

Next are my **Brutal Maniacs** side, they are a strong team and 2 of their 4 specialists have already starred, so next season is looking ok. They could do with a bit more attacking threat at times and most of their creative players have now moved on, so turning those draws into wins has proved tricky. They will probably finish between third and fifth which will represent a good season for them but still nowhere near challenging for top spot. *** In fifth come promoted **Limetrees Park**, taking the step up in their stride. Cranners has built a decent side here, though it is quite experienced (a nice way of saying it's full of old codgers). Three stars already though not to the players they would like and Ian will be hoping captain Col O'Leprechau reports for training after the summer break rather than retiring back to the Emerald Isle. Another star or two and

a decent rejuvenation and they will be good to go again next year, Cranners is back where he belongs in the big time and he's loving it you slags! *** **Bilbao Rocks** are sixth and Dave Hails has a bit of work to do here. Plenty of talent is available to him but this is not a young side and they will be praying they can add to their two stars or next season could be a tough one. Gerhard is in prime form still but can they get one more season out of him before he hangs his boots up? Winter has also starred but more youth is urgently needed to refresh things. A decent amount of cash is available but power skill players are not cheap so Dave will need to use all his wheeling and dealing skills in the coming months.

7 BRISTOL ROVERS	12	3	6	3	9	11	-2	15
8 THE MASHERS	12	3	5	4	13	21	-8	14
9 WESTMINSTER UTD	12	3	3	6	18	19	-1	12

Bristol Rovers have had an injury ravaged season and Ian Read has worked miracles to get them as high as seventh. They would have been challenging for the top three under normal circumstances but there is only so much you can do when your best players are unavailable week after week. Jeorgie Best has starred along with two other players and there are a few teenagers already in the team. I don't see them being dragged into the relegation scrap but if any team deserves a bit of luck for the rest of the season, it is them. *** Two good wins for **The Mashers** this week sees them shoot out of the bottom three and things are suddenly looking a lot rosier for manager Symonds. This is a very decent side who should be higher but perhaps they are concentrating on League Cup success? They will certainly have a chance of winning that competition. Their only star is fader Roussel so a decision will have to be made on how they manage him for the rest of the season. There isn't a lot of youth in the squad so Lozza may need to recruit before the deadline but doesn't have too many dollarydoos to play with. They will definitely stay up *** **Westminster Utd** sit just above the drop zone under new boss Paul Stevens. No stars at all so far is a big worry but they do have a young gem in the squad to coach up. Fingers will be drooling at the large bank balance waiting to spent so this side could look very different by next season. Lots of work to be done here and they may slip into the bottom three but they are still a very competitive side at this level. If I were Fingers, I'd be tempted to bite the bullet and take the relegation and rebuild at the lower level but we will see what he decides to do in the coming months ***

10 NEWARK HARRIERS	12	2	5	5	20	16	4	11
11 QUANTUM MECHS	12	0	3	9	9	33	-24	3
12 FC TRENTSIDE	12	0	3	9	0	46	-46	3

Into the relegation zone we go and first up are **Newark Harriers**. I'm going to stick my neck out here and say KP's

KICKABOUT NEWS

boys will stay up as he has got a decent side here. Two of their specialists have already starred and young Axel Rod will be a first team regular before much longer. Steggles is nearly ready to take over as the new number one and there are definitely promising signs. Those pitch mods are going to drain funds for the foreseeable but the bank balance is healthy enough so no real issues here, they'll be fine *** The bottom two are doomed. **Quantam Mechs** did brilliantly to get promoted against the odds last year but it hasn't done them any favours as they cannot compete at this level. All is not lost though as they have the league's largest bank balance and could buy a new team should they choose to. They have two stars and plenty of young players being coached up by manager Sutton, who knows exactly what he is doing here. Next season will depend entirely on how the cash is spent but if they don't spend it, another season of struggle will be on the cards *** Bottom and rudderless are **FC Trentside**. This is an ageing squad but it does have two star risers in the team in Breznitzo and Fennix Komdom, both of whom would walk into most teams. They also have discovered the best prospect in the entire league in Wilson but he has no chance of getting coached up here. He would go for a fortune if he was placed in the auction and the funds would be very useful for the inevitable rebuild that is needed here. As things stand, they will fall rapidly through the divisions.

DIVISION TWO

WELLINGTON LEAGUE. DIVISION 2

...TEAM NAME...	PL	W	D	L	F	A	Dif	Pts
1 NEWARK ATHLETIC	12	7	5	0	24	0	24	26
2 SCANDINAVIA AS	12	7	4	1	25	4	21	25
3 GREYMOUTH TOWN	12	5	7	0	9	1	8	22

Newark Athletic sit proudly atop division two and that is where they will stay. This is the most Dag team you could imagine. Five fully fit all purpose midfielders, power-skill, a few risers, lots of old players and bloody hard to beat. In fact they haven't conceded a goal all season. They have 3 stars but will need more if they are going to challenge Steelcity next season for the title. Could well win one of the cups as well this year. Great work Dag *** **Scandinavia** are somehow in second and that is some achievement from Seamus. This isn't a bad team but there are far better ones in this division and the gout ridden Brexit denier has them seriously over achieving here. Much will rest on Patel returning fit for next year _ if he retires then there is big trouble ahead! Putri will be looking to rid himself of that fader tag at some point and a couple more stars wouldn't go amiss. Next season will be trickier whatever division they end up in but for now, well done Seamy me old son, fuckin' blindin' geezer! Gertcha! *** Currently in the final promotion spot are **Greymouth Town**. Simon McCauley is well known for his love of power ball winning teams and nothing arouses him more than a grinding 0-0 draw. He considers it a personal insult if teams get a shot

on target against his sides and goes properly apoplectic if they actually concede a goal. Luckily they have only let in one so far and lets be honest, there aren't going to be many more conceded this season. So what's the team like? Well, the only star is an unplayed fading sweeper but there is a bit of youth already in the team and more coming through. Not much cash to splash and they could do with one or more of their specialists starring but it won't make any difference next season, they will still win 1-0 or draw 0-0, it's what Simon does! ***

4	ESTARCION FC	12	5	5	2	16	7	9	20
5	ULYSSES ANGELS	12	4	7	1	14	4	10	19
6	ROMSEY ROVERS	12	5	3	4	24	15	9	18

In fourth are **Estarcion FC**, going for a third successive promotion. To be honest they would be at least second if they hadn't had such terrible luck with injuries this season. Losing their goalkeeper and their best all purpose midfielder along with numerous others for extended periods has set them back somewhat so it is to Tim Dodge's great credit that they still have a great chance of going up. The team is excellent and young Jaka is only going to improve them further when he is fully coached. Their 3 stars aren't to the players they would choose though so next season may be tougher but still time for that to change. I think they'll overtake Scandinavia before the season is out. *** Also still in the promotion hunt are **Ulysses Angels** and I back them for the third promotion spot. Old sandwich head Reiser has built a really strong side here and they should be doing better but don't always get the results they deserve. Dripunkt Padich has starred along with winger Galway Gal but Pad will be praying Tsazarov gets a visit from the star fairy soon. If he does, next season could be a memorable one whichever division they are in. Loads of cash in the bank as well, this is a team to watch out for, lots of potential here. *** **Romsey** were relegated last season but KP spent some of their cash pile extremely wisely and has made them very competitive in this division, with 3 fully fit specialists, a couple of stars and some decent youth plus loads still in the bank. Sadly KP has had to let them go so they may drop back now but this is a decent team for someone.***

7	VILLA RANGERS	12	3	5	4	13	14	-1	14
8	RIO FC	12	4	2	6	7	9	-2	14
9	SPROWSTON YOUTH	12	4	2	6	10	13	-3	14

Villa Rangers are looking in really good shape and whilst they are going to finish mid table this time around, I think they could be in the promotion shake up next season given a bit of luck. This is one of the youngest teams in the league, Piccolio has starred and there is a big pot of cash to spend as well. Harry Wells has quietly built something very decent

KICKABOUT NEWS

here. My only worry is that they might struggle to score enough goals as a power team and those DP's are starting to mount up, so suspensions are going to hurt them as the season progresses. Should be aiming for a top half finish in the remaining sessions. *** **Rio FC** are having a quiet season, they aren't going to be in any real danger of going down and Steadders is biding his time, bringing through the youth, building his transfer warchest and waiting for the right players to become available. He's an old hand at this rebuilding lark and is happy to lurk in the shadows before pouncing when the time is right. I think that's how he met his wife? Did you know Steadders thought David Beckham was one of the greatest players in world football back in the day? It's true, the Chelsea Fred Housego is clearly slightly unhinged but then all the great managers are! Staying up for sure but a work in progress *** A big welcome to the Wellington for Wadders as he is unveiled as **Sproston Youth** manager. Much to do here but he does have some decent players to work with, Three very talented specialists, one of whom has starred plus a fair smattering of youth and a bit of cash to play with. They should stay up easily enough unless Wadders wants to rebuild in the calmer waters of division 3?

10 PERFECT FC	12	3	2	7	15	30	-15	11
11 MM MARAUDERS	12	2	4	6	8	10	-2	10
12 HEIGHAM TOWN	12	0	0	12	3	61	-58	0

Into the bottom 3 now and here we find **Perfect FC**. They don't have the players to compete at this level and the caretaker manager is wisely concentrating on bringing through the youth to complement their three stars. The warchest is building nicely but they may well have to suffer another relegation next season before the bounce back can begin in earnest. **MM Marauders** look likely to drop again but there definitely looks to be a plan in place for the longer term here. There is some really amazing talent in this squad but coaching it all to its full potential is going to take time and dropping to a lower division will definitely help with this. Martin Meienberg knows what he is doing and the fans will just have to be patient for a season or two and then things could take off very nicely. **Heigham Town** are pointless and overdrawn but Chris Moore has plenty of chaff to sell off so this is not a problem. I assume Cairo will be given the rejuvenation spot but there looks an awful lot of work to do to get them in a decent state for next season. They might be joining Perfect FC in going straight through to division 4 next year but who knows as Moore loves to wheel and deal, so things could change quite quickly here.

DIVISION THREE

WELLINGTON LEAGUE. DIVISION 3

...TEAM NAME...	PL	W	D	L	F	A	Dif	Pts
1 THE RED DEVILS	12	8	3	1	25	5	20	27
2 TELFORD UNITED	12	7	4	1	28	12	16	25
3 ROXY ALLSTARS	12	6	6	0	17	2	15	24

Still reading? Well done on making it this far! **The Red Devils** are deservedly top of division 3 and KP has done a magnificent job here. Four stars, including two specialists, a massive bank balance and a decent wage bill as well. I would suggest they extend their capacity as many fans are regularly locked out and they have the cash to rectify this. Going up for sure and will challenge again next season in division 2 *** Also going up are **Telford Utd** and Dave Hails has really got this team in the groove now. With ten high level teenagers in the squad, they just need a star or two to start next season with a very strong line up. Four excellent specialists run the midfield and if Realez or Damgaard do star then I think they will make it three promotions in a row next year. Great rebuild Dave *** Clear in third spot and surely going up are Colly-wobbles **Roxy Allstars**. This is a proper old school power skill team, it's like looking at a teamsheet from the old Wath weekenders days in the early 90's. There are four stars already, a fair few teenagers and a real midfield gem just waiting to be coached up. Captain Randy Lewis will be back again next year and Wolfswinkel won't be running away with the kiltie just yet! Looking good Colly ***

4 GEE-CROSS FC	12	5	2	5	24	18	6	17
5 REALE HASTINGS	12	5	2	5	16	21	-5	17
6 VAN-BORO	12	4	4	4	14	13	1	16

Just outside the promotion spots are **Gee Cross**. John Samson seems to have taken residence here over the last few seasons, he just can't (or doesn't want to) get them over the line. As usual, he has a fine team with plenty of talent but perhaps just missing that extra ingredient to make them stand out from the crowd. John will be praying Sperrin gets a visit from the star fairy soon but I can't see them catching the top 3 and that is probably for the best given they would probably struggle at the higher level *** John Canvin has worked miracles at **Reale Hastings** this season, moulding together a really nice squad after inheriting a bit of a rabble. Three stars already including their two best players, plenty of good youngsters as well, this is a team on the up. I am sure John is looking to spend his big pile of cash on another special midfielder and this will make them ready for a promotion challenge next season but mid table this season is a good effort *** **Van Boro** have a very unbalanced squad. Craig has naturally prioritised his two superstar midfielders, taking a long term view here. He has surrounded them with youngsters and journeymen and I'm not sure how many of them will still be here next season. I predict he will take a similar approach next season but with fewer gaps to fill out the team, they should be able to have a real crack at promotion. At some point in the future, they are going to take off and be very difficult to stop.

7 FARNDON S.S.C.	12	4	4	4	18	18	0	16
8 KICKABOUTEERS	12	3	5	4	19	21	-2	14
9 AC CARFIN	12	3	4	5	14	19	-5	13

KICKABOUT NEWS

Farndon come next and they are chugging along ok in mid table. Daniel Clambake and Allende are the main players here but neither have starred yet and Fingers will be a little concerned I am sure. Unusually for Paul, there isn't a huge amount of youth in the team, although Yamal & Organa are showing promise. No overdraft thankfully but nothing in the coffers to spend either. I expect they will finish pretty much where they are now and next season may be similar to this. *** **Kickabouts** are still in rebuilding mode but have enough talent to ensure they pick up some decent results along the way. Odegaard is a player who every team would covet but captain Olsen is surely ready to hang up his boots at the end of the season? The wages are high for a 3rd division side and there are no stars yet either. I can't see them being ready for a promotion challenge next season but Anders Odegaard can see enough green shoots of recovery to keep the faith here but still much work to do *** **AC Carfin** were sad to see KP leave recently but at least he has given them a real chance of staying up in his short stay in charge. They were a real mess at the start of the season and are now much improved but without a manager, they will probably fall back into the relegation zone. ***

10 ATHLETICO DIDI	12	3	3	6	27	24	3	12
11 HAYLING RANGERS	12	2	3	7	6	28	-22	9
12 KNOTSO ATHLETIC	12	0	4	8	2	29	-27	4

Athletico Didi find themselves in the relegation spots which is a bit of a surprise. Duncan Wells has a power skill team with plenty of youth but sadly no stars and not a lot of cash either. There is a good winger and targetman combo to complement Morrissen in midfield but they just seem to leak too many goals. I think they'll get above AC Carfin and stay up but they really need to find another specialist if they want to think about being a top half side next season. Definitely some promising signs here though *** **Hayling Rangers** are unmanaged and it is starting to show. They do have 3 stars, a high level all purpose midfielder in Gisse and loads of cash, so there is something for a new manager to work with, if anyone is up for it? *** Fingers got the **Knotso Athletic** job at the start of the season and wow, what a mess he inherited! Looking at the squad now, it is still a mess but that is no reflection on Paul, this is not going to be a quick turnaround. They could do with a star or two to help the young players being brought through as there is no more cash to spend. Next season is likely to be more of the same but Paul will turn them round eventually, he has done it plenty of times before in his long KA career!

DIVISION FOUR

WELLINGTON LEAGUE. DIVISION 4

...TEAM NAME...	PL	W	D	L	F	A	Dif	Pts
1 GUTTER PRESS	12	9	2	1	22	4	18	29
2 GLENCAIRN FC	12	6	5	1	21	5	16	23

Into the basement we go and top of the pile and going up at long last are **Gutter Press**. Five stars and four risers here, a

massive pile of cash as well with the only slight concern being the lack of youth, just two teenagers in the team and no one looking likely to join them from the youth squad. Strangeness has starred so they will be strong again next season and will no doubt be targeting successive promotions. Leeds didn't fall apart this year and nor will Gutter Press! Good job Dave *** **Glencairn** look likely to join them in division 3. Warwick has 4 stars already and also lots of cash to splash. Only one specialist in the squad and he is young so perhaps an older one can be picked up cheaply for rejuvenation purposes before the deadline? This is a solid squad but without additions, they might find the higher level a bit tougher next season. Still, a drastic improvement from where they were a year or two ago *** Quite a battle for the third promotion spot going on, which is currently in possession of pool flop Rob Lewis and his **Wee Rovers** side. Similar to Glencairn but not quite as good, Rob has built a competent side for this level with some nice youth in the team and a few stars. I'm not sure they'll get over the line but with Palace winning the only Euro trophy worth winning, I don't think he will care too much! Poo Rovers no more! ***

3 THE WEE ROVERS	12	6	2	4	26	14	12	20
4 SHOREHAM UNITED	12	5	5	2	10	7	3	20
5 HAWK FIELDS	12	6	2	4	15	17	-2	20

Shoreham United sit in fourth, ready to pounce on any mistakes from Mr Lewis, which let's face it, are pretty likely! Rob Scott is the man in charge these days, inheriting a decent squad for this level but has opted for evolution rather than revolution so far. Lack of goals is the main issue and a targetman has to be on Rob's shopping list sooner rather than later. Only one star so far and those infernal pitch maintenance fees continue to drain the coffers. Wages are good though, so the finances are still healthy. Do they really want to go up? Perhaps another season in the fourth would be for the best *** In fifth we have **Hawk Fields**. I can't believe I am about to say this but I am tipping Paul Butler's boys to do the unthinkable and claim that last promotion spot! After years of mediocrity, this is actually a really decent squad, loads of youth, a fantastic leader in N'Mbala, a nice winger and targetman combo and a very large stack of cash to spend as well. Their power status hurts them at times but there is definitely more quality here than in the two sides directly above them so there is no reason why they shouldn't go up (famous last words) *** **Gorgon City** have just lost KP as manager and that is a shame as they were coming along quite nicely. Some decent young players here along with two stars and a pile of cash to spend for anyone wanting a challenge where a lot of the hard work has already been done ***

6 GORGON CITY	12	5	4	3	8	8	0	19
7 THE LEVELLERS	12	4	5	3	11	6	5	17
8 ADDINGTON PLCE	12	4	3	5	12	12	0	15

The Levellers find themselves in the bottom half but should be a few places higher with this squad. The main issue is keeper Daffydd is just not good enough even at this level though Roberto may be ready to take over before too long. The squad is old and with only one star, there may be trouble

KICKABOUT NEWS

ahead. Mr Napier is going to have to spend that big warchest if next season isn't going to be another difficult one. Youth is the way to go here I would think *** Brutus has now got his feet under the table at **Addington Palace** and he is going to have to use all of his acumen here to sort this troubled club out. Gareth has wisely cleared the massive overdraft at the expense of losing two good young players but it was absolutely the right thing to do. No stars is a real worry and all eyes will be on Stone to see if he comes back fit next season. There is a young gem in the squad and he will be key to their future. There is no quick fix here and it is going to take a while to shape them into a side that can consistently win games but if anyone can do it, it is the St Helens Yeti... *** Next come **Everton Classics** under my caretaker leadership. Only 3 goals scored all season shows where their problems lie but they can be a tough side to break down and they pick up lots of draws. No stars yet but plenty of teenagers in the team, including their main man Tut Ankh Amun. Wages are very low but there is still a huge amount of work to go to get them up the table. Improving but still bang average is probably a fair description ***

9	EVERTON CLASICS	12	2	7	3	3	8	-5	13
10	WEST CROSS WAND	12	1	6	5	1	9	-8	9
11	FC HOPE	12	2	2	8	8	26	-18	8

Into the bottom three we go and first up it is Paul Butler's other team **West Cross Wand**. Just the one goal scored is the reason they are struggling and the squad is pretty threadbare. There are some decent players here but just not enough of them. There is cash in the coffers to sign a few more first teamers but Butler has stated it is easy to sign players but not so easy to sign the right ones. Years of standing at Roots Hall with a bracing sea breeze in his face has taught him that. Still a way to go here for sure. *** **FC Hope** are still finding life a struggle even in the bottom division but this is a squad that should be doing much better, probably at least halfway. Geneva has starred and they also have one of the best young players in the division in their squad, so why are they doing so badly? I can't really put my finger on it. Come on Peter, I believe in you! Better times are ahead and with 3 stars and a few decent youngsters, a promotion challenge should be the aim for next season. *** Lastly and leastly we have the pretty awful **Roebuck FC**. Run into the ground by Oli Jones, they now have the misfortune to have another Gooner at the helm in Paul Waddinghamham, a man who last won anything in Kickabout in 1988 (I think it was the Ramsey bowl or something). Some Roebuck fans were heard muttering they'd rather have kept Oli in charge but beggars can't be choosers! Good luck Wadders, you are going to need it here!

THE LEAGUE CUP

Quarter finals 2nd Leg Highlights

Steelcity finish off Bilbao without too many problems, Craig is still counting all those lovely derby SP's! *** Well done Gutter Press, beating Romsey both home and away, Mr Hargraves does love a good knockout competition! *** Newark Athletic flex their muscles and blow away Estarcion, only one side in this tie *** Bad day for Cranners as not only do The Mashers

knock out Limetrees, he also sees Wilshire hobble off with a pulled calf muscle. Not everyone can have perfect calves it would seem!

SEMI-FINAL DRAW

Newark Athletic v Steelcity Hawks

The Mashers v Gutter Press

(To be played on session eleven on neutral grounds with replays)

TRANSFER TRAILS

Heigham Town sign up Peter Brooks with one eye on next season no doubt, good signing for them. Chris Moore is a busy man with lots of comings and goings. Brutus show Fingers how its done with a clearout at Addington, that overdraft already gone and a nice pot of cash ready to spend next year. Everton bring in a couple of teenage forwards, can they actually score some goals for a change?

MANAGER OF THE MONTH

DIVISION ONE: goes to manager SYMONDS of The Mashers, 3 great wins and into the semis of the league cup

DIVISION TWO: goes to manager CARETAKER of Perfect FC, two highly unexpected results against decent opposition

DIVISION THREE: goes to manager CANVIN of Reale Hastings, a late promotion charge maybe?

DIVISION FOUR: goes to manager HARGRAVES of Gutter Press, making a league cup semi as a division 4 side is pretty impressive

SESSIONS	MIN LEVEL
1 to 3	5
4 to 5	6
6 to 8	7
9 to 10	8
11+	9

These are also the same levels which decide whether a player will go straight to N/L when out of contract rather than being put into the auction

Please note that from now onwards it is illegal to sell any player and then buy him back in the next three session FOR ANY REASON WHATSOEVER. If you do that player will be banned for life and you will lose him

KICKABOUT BITS

MARKING

From now onwards if you use last season's marking numbers then you will be found out AND if guilty the result of the game will either be reversed or decided against you.

MARKING INFO - Tim Dodge has put together a clever little program that allowss shomatch subscribers to gather all the international squads together each session so that you can use that info to get marking info. Shomatch/teampick subscribers get a file sent out a file with all the int squads listed and this program pulls them all together. Makes it easier than ploughing through back newsletters, etc

The latest version now available at

<https://dodge.me.uk/markinfo.exe>

PLEASE NOTE THAT UNLESS YOU SUBSCRIBE TO
TEAMPICK/SHOMATCH THEN YOUR TEAMSHEETS WILL ALWAYS BE
SENT OUT BY POST. EMAIL TURNS ARE ONLY SENT TO TEAMPICK/
SHOMATCH SUBSCRIBERS

EMAIL CHAT LIST -. To subscribe to the main list send a blank email to KA-kickabout+subscribe@groups.io.

For others you do the same except put the league, name with Ka- in front of +subscribe.

SOMETHING FOR EVERYBODY TO REMEMBER

It seems that even old stagers of the game still can't work out what order games are to be played in. SO emblazon the following on your minds please

ORDER OF MATCHES IS

LEAGUE GAME ONE

LEAGUE GAME TWO (which is where any re-arranged league maxcth should go)

ALL CUP GAMES (including Cup/Bowl/ Trophy where the latter is always last if you have a Bowl or cup game as well)

LEAGUE CUP GAMES

EURO GAMES

FRIENDLIES

(If you look at teampick you will see that you CAN edit your fixtures as well to tell the program what games you are playing this session and it will put them in the correct order, OK)

NB In teampick trophy games come after League Cup it appears. Please realise that they don't. In the fullness of time the teampick maestro will change this

RANDOMNESS OF THE KA MIND

Just a reminder. for teampick users. Please get the match you are playing correct. Putting your cup game down as a friendly means I have to come out of the program to make sure i haven't made a mistake. It isn't rocket science to change the competition that you are playing in. PLEASE!!

KICKABOUT MONEY

STANDING ORDER PAYMENTS - you can also pay your turn fees by standing order now. Contact us for details about how to do this and remember that this is not only the way to spread your payments over the year rather than having to find a lump sum at the start of every season, but it is also the way to avoid those dreaded double turn fees. With SO payments this can't happen.

CREDIT CARD PAYMENTS Can be made to us using the PAYPAL service. So if you want to pay anything by credit card then you could register with them and give it a try. Also note that if you send your payments as a gift ALL of the cash reaches us without any paypal fees being charged at our end and all is credited to your account. You can use either email address for this

BULK PAYMENT OF TURN FEES - remember if you pay £63.75 at one time (which can cover more than one team) you get an extra free turn credited to your account. This offer does not include shomatch/weekend/fast leagues/veterans leagues or special offers monies!

I will not be there though)

Pete Condon, Danny Smith, Seamus, Wadders, Cranners, Colly , Bo, Morten, Gareth, Tim & Nigel promise to be there

It will be a case of first come first served, ie those who pay get the places. So up to you Nerds. Anybody else interested let me know soonest

MAY 2027

12th to 15th

Kickabout will be forty years old in 2027,

By universal accliation it was decided at the xmas pubmeet that we will return to Norwich for the special one, it is easy to get to, every knows and enjoys it there

Jens, Seamus, Gerard, Wadders, Cranners, Chris Moore, John Samson & Tommo all say they'll be there

To encourage the weaker bretheren amonsgt you to turn up for this during the weekend there will be a draw for a lifetimes membership for one of your teams

FUTURE DATES CONFIRMED

MAY 2028 - GLASGEE

KICKABOUT INTS

THE INTERNATIONAL TROPHY

There will be two groups of six teams each playing the other once (remember an extra point for an away performance), There will then be a KO semi-final, for all positions and a final session of six games to decided the twelve placings

First the prizes,

WINNER - 500K

RUNNER-UP - 200K

BEATEN SEMI-FINALISTS - 150K each

Beating any HIGHER RANKED team earns your club balance 100K

Winning any game (though not on penalties) gains you an extra 1 MP for your club side

The international scene can be therefore quite lucrative for your club side and with the arrival of your free SUPER SCOUT on Session two this becomes even more lucrative as well. However remember that if you fail to put in any orders he will DISSAPPEAR and you can only get him back by submitting a set of orders next time, and asking fro him back, when he will re-appear at the end of that session you submitted the orders.

wins for the **Hawks & Comp** almost settle this group though if **Bolton Wands** can pull off a shock result at **Comp** ???

Still all to play for here in what one might have expected to be the eaisest of the groups. **Ugle Betis** through after a draw against **Catton** who have to ensure they don't lose in their final match against the Sprouters to go through

We're back Craigins pucnhes the air after their crucial win at **Daggers**. But his side have to win their last game cos Daggers can still get to twelve points

Last game sees **Burnham** away to **Celtic** whose defeat of **Dakin** puts serious pressure on the latter. But if Nevada lose then Dakin can still overtake them and qualify. Both lose and **Danetown** could overtake them both

REPRESENTATIVE CUP

The response from managers for S5 was pathetic. I decided to do away with all Rep leagues in the future which led to an outcry from managers to keep it. Even from those who hadn't bothered to send in S5 orders.

So we are going to run the rep league as usual starting on s7

Because of this the session five games will now be the last in the schedule played on Session fifteen

LET'S SEE IF WE CAN GET A PROPER TURNOUT

CONTRACTS UPDATE

So from now onwards if your prized player is on the last week of his contract

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

Then there is a wage that if offered he will ALWAYS accept.

This has to be calculated by you (Oh shite!!)

The formula is as follows :

3 X basic wage where the basic wage = player level X PS Bonus X Div Bonus X POS Bonus X Type bonus

player level is obvious

P/S bonus increase the basic wage by 20%

Div Bonus - 125% for div 1/ 110% for div2 / 100% for divs 3/ 75% for div 4

Pos bonus refers to STARS/FUT/SBY which require 50% uplift

Type bonus is equal to the players expected wage rates , ie MF/A/D x3 - **Df/A X 2 / UT/WG/FWS x1.5** / GK SW X 2/ FW/MF/DF X 1

AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

as an example a DIV ONE 20/12 PS MF/A/D STAR would require a wage offer of **OVER** basic wage (81K) X 3 to accept unconditionally , i.e. 243K+ per week

or a 20-10 DIV THREE S DF/A would require a wage offer of **OVER** basic wage(20K) X 3, i.e. 60K+

On the last week of the contract there is no optimum length of contract though we suggest you opt for four weeks so you have time to bid again

I REPEAT - AND THIS ONLY RELATES TO THE LAST WEEK OF HIS CONTRACT PLEASE NOTE

One last change to note as well. In future at whatever stage of the contract negotiation you are at with a player, the min he will now accept is one third+ of his basic wage

so in the MF/A/D example a bid under 27K+ will be rejected, the DF/A minimum is 6.66K+

NOTE THIS WELL ALSO

In the calculations above where it refers to WAGES, this also refers to wages + any experience the player as. This means that you are NOT ever sure about the calculation. Not that important for a normal player who does not have an * by his name, but where specialists are involved it can be important. So we suggest that when offering a contract to a player who is a specialist or has an * by his name, you add something extra to the calculation. I would say 5k is a good rule of thumb

MANAGERS NEEDED

We have some teams that badly need a guiding hand on the tiller so to speak. Something to keep you busy during the summer and when your footie interest is piqued by the world cup.

All come with a season's free credit and to wet your avaricious appetites if you send cash for ONE other team at the same time we'll double it. (any one other team that you run, can't be bad can it soldiers!

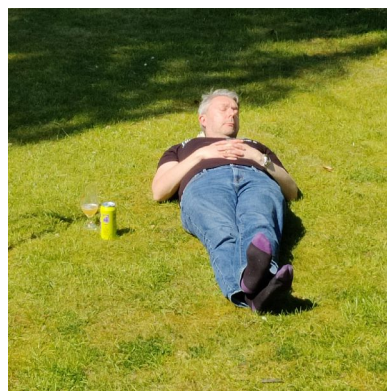

ROBSON LEAGUE - with the demise of KP, he has left two teams in this league vacant.

SMITH ATHLETIC are near the bottom of the third but have eight plus mill in the bank but

LEEDS UNI - are in line for division three promotion and have twelve mill plus in the bank, this is surely a side to whet the appetites?

GIORGIOS LEAGUE - Tailed off at the bottom of the first division **Tatooine** are in a much better state than they look. Power-skill, two all purposes plus two other MF specialists and a FWT they have four plus mill in the bank and are the top-rated side in the league!! Surely something to whet

Hawks love their place in the sun?

STARTING OUT TIPS

If you are lucky you may have a couple of million in the Bank but that won't be enough to turn things around in a couple of sessions. You need to be committed to be in this for the long haul.

?Have a plan. Base your coaching on getting 2 SPS per session. If you get a few more along the way as the season progresses then great either cash them or coach an extra youth player. Aim to coach your APP's & SBY's to level 12's by seasons end. Better to have 3 17/18 yr old level 12's than 5 level 8's.

?Clear out the 24-4's etc. to get them off the wage bill as they will be on relatively high wages. Either sell them to other managers at below NL price (you will still benefit vs selling to NL due to wages). If you can't get a buyer then hold on to them and run their contract down before selling to NL by session 10 - sales to NL go to half price after that.

?Play 2 APPS or a SBY every game unless you have a realistic chance of winning but try to win your derby games. Keep your MP's for derby games, matches against fellow strugglers and for (hopefully) a bit of a run in the Bowl.

?Build up your cash balance. Keep building this until you have at least circa £8m. Try to pick up bargains (below NL value) from the auction so you can then sell them on at a profit.

?Invest money in youth. Don't rely on this producing multiple MF specialists, unless your name is Morten. What you will hopefully get is a few FUT's which you can coach at 0.5 SP per level or sell for cash. This is a good way of increasing your teams' skill level quickly.

?Choose a category for the team and aim to get all the players of the same category (P, S or P/S). Having a power team is easier to build up quickly as there are more of them, there are plenty of 95 BW's around and are cheap to buy. However, longer term you will need to change the category of them team as power teams don't become super teams.

?If you have players that don't match your chosen category look to trade them for another player who is. It is rare your team will be full of P/S players so if you have any it may be best to move them on to build up your cash balance or trade for another player.

?Look to get a good quality GK and SW. You may not win many matches but two level 12's at the back could bring in some extra SP's through 0-0 draws.

?Don't coach anyone over the age of 18 unless there is a really good reason to do so e.g. 23-10 MF specialist.

?You need a captain so you can afford one player over the age of 19 _ hopefully your captain will star or get rejuvenated.

?Within 2 seasons you should have a team full of level 12's and a decent cash balance as a solid platform to start your ascent to being the next KA super team.

Good luck!
