MF 26-12 STAR PS BW 90/CR90 - Findam has his own successful business outside of football. Crypto and share dealing (dodgy). When he signs on he gets a place on your board as well. He rearranges the club finances so that come end of season their investments will bring them two million quid extra income. However, Findam sails close to the wind. The authorities take a close look at him all the time, and every so often he will have to disappear to the Cayman islands to steady the ship (SUSP 3 / 20* chance). Every time this happens the two mill investment will be reduced by 10%). Do you buy Findam, take the chance,

EMAIL CHAT LIST - yes, you can subscribe to our email discussion group. There is a list for general Kickabout topics, a list for each individual league, one for the vulcano, one for teampick subscribers, even one for the weekend players. Learn more about the game, talk to other players and the Gm. To subscribe to the main list send a blank email to Kickabout-subscribe@yahoogroups.com. For others you do the same except put the league, name with Ka- in front of subscribe. However, some league lists have an ending in .co.uk instead of .com, so if one doesn't work then please try eeh other!!

One thing to note about subscribing to the list, we post a regular schedule of where every league is in the processing schedule, when it is sent out, when the latest return-by-date is. This is of great help and if you have email you should really be receiving this.

NEW SEASON ROUND UP

Looks to me as if the big two from last season will be up there again, **Radford & Ayell** thought Adie really needs to get the age of that squad down I think. Challengers well **Dal Riada** could well be the man to make their mark. Small squad though and can dear Seamy live in this rarefied heights? I can't see anybody else doing it. **IB 2301** might have a good season though. Strugglers well **Havering** escaped last season - just - but managerless I see them going down this time. **Old Steine** might find it hard to survive in the top flight and sad to say looks like Mr Lawton is making a habit of relegation. **Globes** in deep shit I think

The second division, well spin a coin and hope. Very little between the sides here and hard to pick anybody. Relegated **Hoth Wampas** will probably bounce straight back, while **Sci Fi Elite** might do better this time. , but I wouldn't bet on anybody to be honest. At the bottom even more congested though, I can see the **Wrestlers** heading straight back down. Not much cash to spend in this division either but **Viperoed** have a healthy warchest. Spend it wisely Jens baby

In the third I reckon this could be the year of the **Wizards** KP might just be on the up here Again not much in it though perhaps **Barnby Park** might improve so it will be KP challenging KP! For the rest there are a whole gaggle of poor teams and then another gaggle of awful ones. OK some of them are rebuilding, but time for the likes of **The Levellers & Primrose** to finish it and move upwards. Wadders probably has a plan with the **Rabbi** but I can't see it. Bottom looks locked in for him and them. Lots of money in this division, spend spend spend
